1. Call to Order
2. Approval of February, 2017 Minutes
3. Agenda Items
 - a. City of Minneapolis Participation Plan Amendment – Olson
 - b. COML Packet – Dan Klawitter (HCMC EMS)
 - c. COML Packet – Jacob Cree (HCMC EMS)
 - d. COML Packet- Robert Beem (Hennepin County)
 - e. Metro Standard 3.17.5 - Incident Tactical Dispatcher – Kummer
 - f. Metro Standard 3.17.6 - Radio Operator – Kummer
 - g. Metro Standard 3.17.7 – Incident Communications Center Manager - Kummer
4. Moves, Additions & Changes to the System
 - a. Update on Removal of Voting from Interoperability System – Jansen
5. Committee Reports
 - a. Metro Mobility System Usage Update—Chad LeVasseur/Dana Rude
 - b. System Manager's Group/Metro Owner's Group Update – Jansen
 - c. Reports from SECB Committees
 - i. Steering - Tretter
 - ii. OTC – Gundersen / Timm
 - iii. Interoperable Data Committee – Olson / Thompson
 - iv. IOC –Thompson / Kummer
 - v. IPAWS – Haas / Williams
 - vi. Finance / Grants Workgroup- Tretter
 - d. 2017 Public Safety Communications Conference – Tretter / Timm / Thompson
 - i. Conference Dates: May 1-3, 2017
6. Other Business
 - a. Regional Talkgroup Permissions Requests
 - i. Federal Reserve Bank – James Schnoor
 - b. Next Meeting April 26th
7. Adjourn

Scott Haas, Chair

**Metropolitan Emergency Services Board
Radio Technical Operations Committee
Meeting Notes
February 22, 2017**

Members Present:

Rod Olson, John Gundersen, Robert Shogren, Dave Pikal, Jon Eckel, Chuck Steier, Jake Thompson, Scott Haas, Nate Timm, Tim Walsh, Chad LeVasseur, Chris Kummer, Ron Jansen, Bob Shogren, Scott Gerber.

Guests Present:

Steve Oruadnik; MN DOC, Steve Stahl; US Customs, Peter Sauter; Carver County, Barry Altman; Hennepin County Emergency Management, Dan Anderson; HCEM, Eric Waage; HCEM, Christine McPherson; Minneapolis ECC, Wendy Lynch; Hennepin County EMS, Marvin Turner; MTPD, Scott Wosje; Northern Business Systems, Rick Juth; ECN.

Call to Order:

Scott Haas called the meeting to order at 1:01 P.M.

Rick Juth asked that an item be added to the agenda. A volunteer from the region is needed to be part of a planning committee for a US Department of Homeland Security Communications Department convergence tabletop exercise. It was agreed this topic will be added to the agenda as 3d.

M/S/C Motion made by Scott Gerber to approve the February 22nd, 2017 agenda with the above modification. John Eckel seconded. Motion carried.

John Gundersen said the comments from Dan Anderson; HCEM at the December 2016 meeting were not included in the minutes and asked that Anderson be allowed to explain what those comments were. Anderson told group that the metro standard for the National Weather Service ARMER be looked at in the future.

M/S/C Motion made by Ron Jansen to approve the January, 2017 minutes as amended. Gundersen seconded. Motion carried.

Agenda Items:

State National Weather Service Standard Workgroup Membership

Gundersen told the group that the red lined document for the standard was presented at the last meeting. The chairman was to send a letter to the Chair of the OTC. Both were sent out. Todd Krause from the National Weather Service was there. One of the objections was the burden was put on the regions to purchase the equipment and provide the training. The weather service has no mandate to be on the ARMER system; and have no budget for it. To date the matter has been before committee eighteen times. It is late enough in the season now that it would not be activated until the next season.

It was asked that each region appoints two representatives to serve on the group.

Eric Waage; Incident Commander for HCEM spoke to the TOC. It is an evolving situation, and through studying other states it is realized that many have trunk radio system links with EM and weather offices.

There are two key functions. Public warning function which the vital PSAP link and then there is the situational link.

Ron Jansen made the recommendation to appoint one technical member each from the Radio TOC and the 9-1-1 TOC. Eric Waage said he felt someone from Homeland Security should be represented. Gundersen said perhaps Jim Stromberg could recommend someone to sit on the committee that has studied other states.

Juth said that the draft state standard does provide for the ability to program regional weather service talkgroups in subscriber radios which are prohibited at this point. We need to recognize the limitations of the national weather service would have managing multiple talkgroups.

Jansen said that consistency was a driving force behind changing the standard.

M/S/C Motion made by Ron Jansen to appoint two people, one from the Radio and one from the 9-1-1 TOCs to sit on the weather standards workgroup. Jon Eckel seconded. The motion was amended to designate Scott Haas as one of the members.

COML Packet – Barry Altman (HCEM)

Troy Tretter presented to the TOC that Barry Altman has met the requirements for COMT and he was in attendance today.

M/S/C Motion made by Scott Gerber to approve Barry Altman's COMT Packet. John Gundersen seconded. Motion carried.

Barry Altman thanked the committee for the recommendation.

COMT Packet – Michael Ostlund (HCEM)

Troy Tretter presented to the TOC that Michael Ostlund has met the requirements for COMT.

M/S/C Motion made by Robert Shogren to approve Michael Ostlund's COMT Packet. Gundersen seconded. Motion carried.

US Department of Homeland Security and Office of Electronic Communications exercise

Rick Juth said that ECN was approved a technical assistance opportunity by the US Department of Homeland Security and Office of Electronic Communications. It is proposed to assemble an eighteen to twenty member planning team to plan a convergence tabletop exercise that will take place on June 27, 2017 near St. Cloud or Fort Ripley. The planning committee meeting will be March 24 at the Stearns County Service Center 8:30- 11:00. One member from each region in various disciplines is proposed.

Ron Jansen recommended a person is solicited from the CRTF Steering Workgroup.

Chair Haas asked if there was any objection to the recommendation. No objections were raised, and Chair Haas said there was no need for a vote.

Move, Additions & Changes to the System

Update on Removal of Voting from Interoperability System

Rick Jansen said HCGC and King Stack are still on the list.

Gundersen said they have been doing some work on the SATCOW, 7.19.0 upgrade is done and is ready for deployment.

Committee Reports

Metro Mobility System Usage Update

Chad LeVasseur said the repeater disable was started on the East side of the Metro. Nothing back yet from Trapeze yet for their CAD interface.

System Manager's Group/Metro Owner's Group Update – no meeting

Reports from SECB Committees

Steering

More discussion on Federal Participation. 'LIMITED' participation will most likely go away, since someone is either an interoperable participant: no talkgroups, no infrastructure. Otherwise persons are a full participant. Limited was connected to ARMER via a patch. There was discussion on if federal participants were to be charged, a study would need to be done on how charging fees would be done.

OTC

Gundersen said the bulk of the meeting was spent on the weather discussion but that participation plan amendments were discussed for two outstate counties and the U of M. System administrator training was approved. Forest Service participation plan was discussed. Nine standards were approved with minor changes. Also approved was a law enforcement voice communications best practices guide.

Jansen said that the LTAC-E was reviewed by the SMG. Testing was done and submitted by Timm, Olson and Hennepin. There is a new encryption key.

Interoperable Data Committee

Jake Thompson- updates with FirstNet

IOC – No meeting

IPAWS – No meeting

Finance/Grants Workgroup

Tretter said the grants work recommendations for the SECB and SHSP grants were approved. Funding for two PSAP firewalls were approved. Address data point data collection for Washington and Isanti counties. Funding for portable microwave dish in Dakota County. \$25,000 grant for Motorola training was approved, Funds for training development, CAD and Interoperability will go before the SECB next week.

Timm asked about the sanctuary cities. Would the funds be spent? Director Mines is going to meet with HSEM and will provide feedback.

2017 Interoperability Conference May 1-3 (MN Public Safety Emergency Communications Conference)

Tretter said the registration will be open soon and the MESB can send up to twenty-five persons can be sent from the region. Grant pays registration and two nights hotel.

Other Business

Regional Talkgroup Permissions Updates

Customs and Border Patrol (Port of Minneapolis)

Steve Stahl from Customs and Border Patrol requested use of ME TACS 1-10.

M/S/C Motion made by Timm to approve the use of ME TAC 1-10 by Customs and Border Patrol. Jansen seconded. Motion carried.

Gold Cross/Mayo Clinic Medical Transport

Tretter stated they are requesting the use of ME TAC 1-10 for medical transports in and out of the metro.

M/S/C Motion made by Gundersen to approve the use to update agreement for ME TAC 1-8 and add ME TAC 9 & 10. Jansen seconded. Motion carried.

Adjourn

March 13, 2017

RE: Participation change approval request to add a new console site.

Troy Tretter
Metropolitan Emergency Services Board
2099 University Ave W
St. Paul, MN 55104

Troy,

The City of Minneapolis would like the approval of the MESB to update our participation on the ARMER radio system. In 2015 we updated our dispatch consoles to 17 Motorola MCC7500 units; the previous Gold Elite consoles didn't have room for needed talk groups due to console summing. With the addition of newly added statewide and regional talk groups our consoles are again at summing levels.

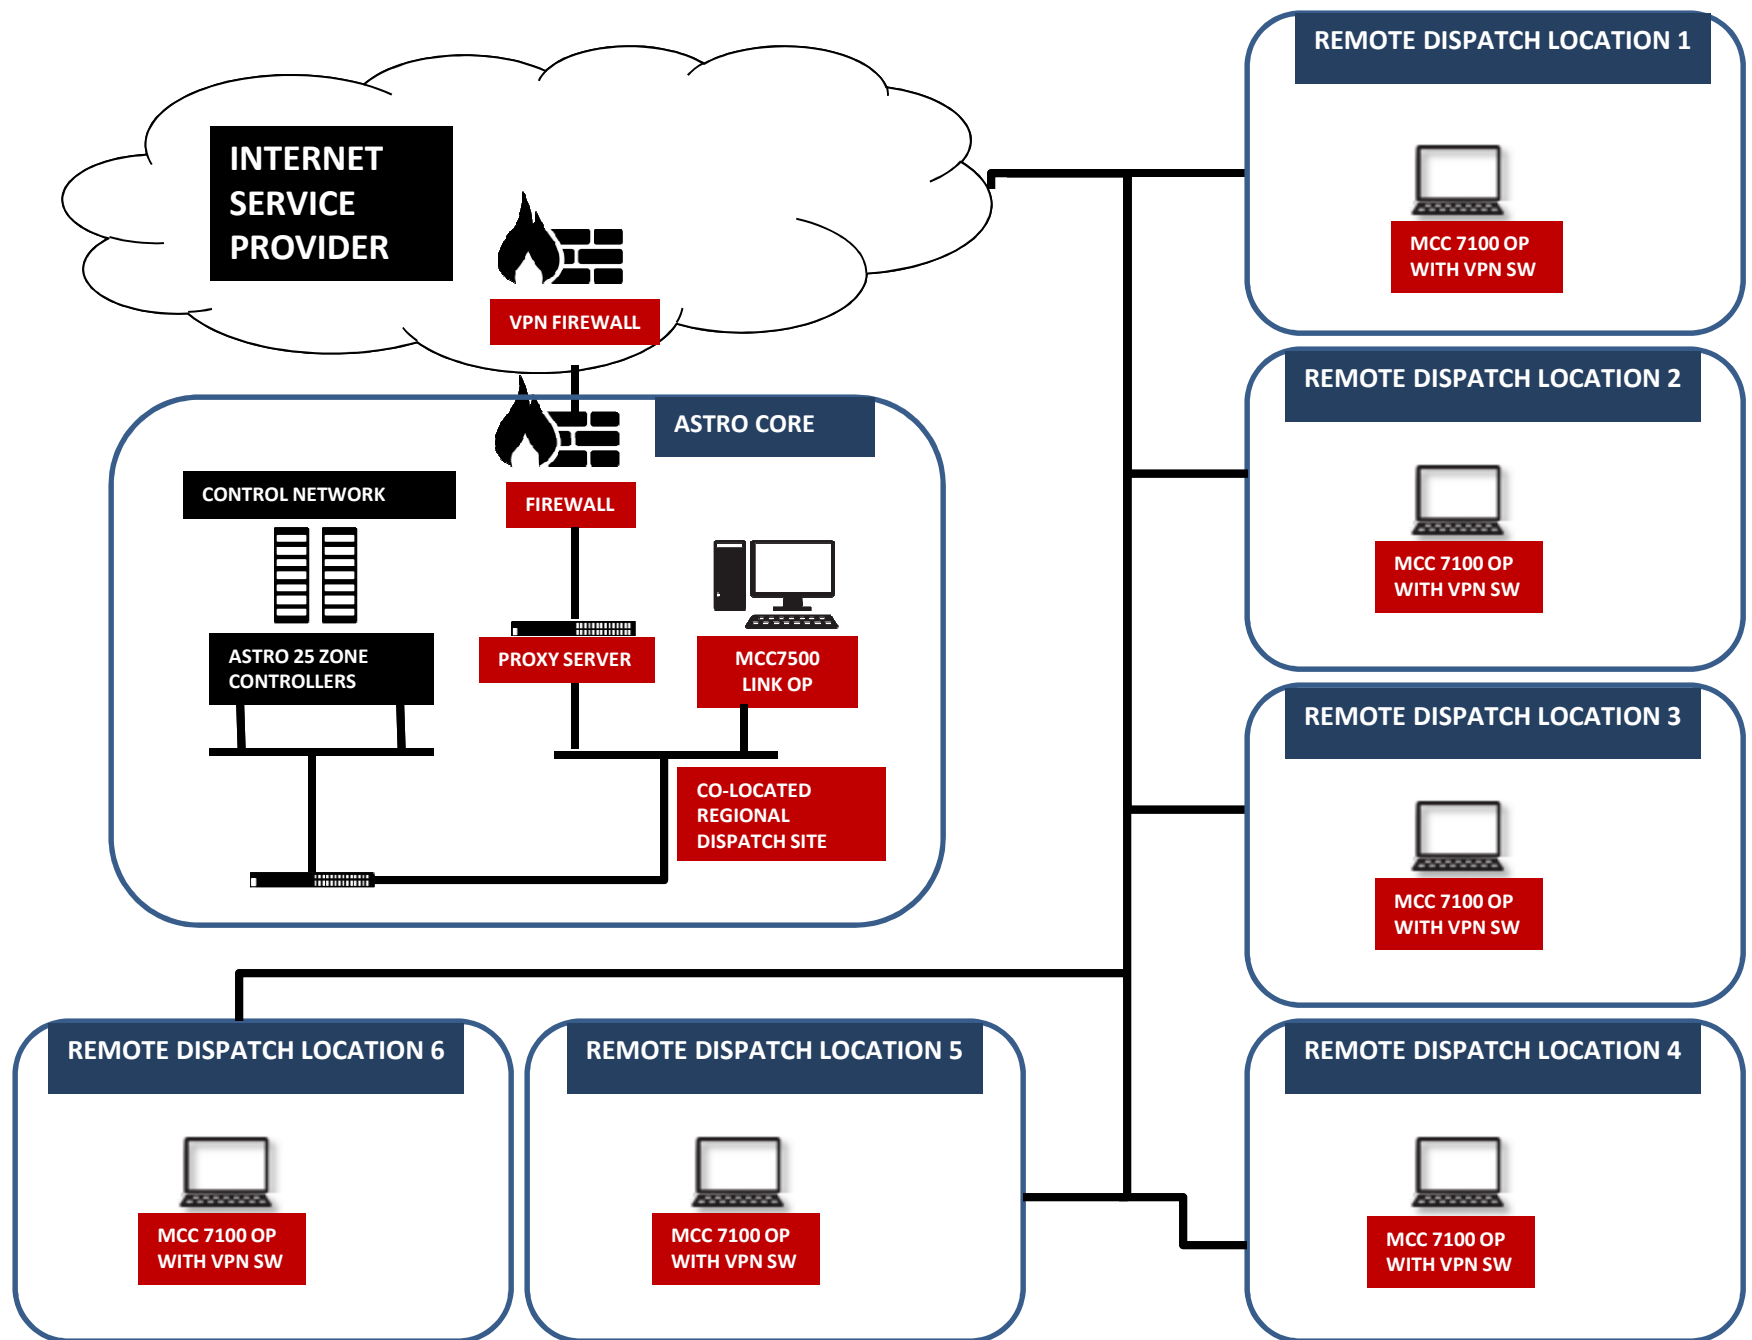

With the number of large upcoming events being held throughout various areas in the City and with additional talk group needs still being worked out, we determined our best course of action is to create an additional console site to support dispatching at the event sites without degrading audio quality of service (QoS) at the Minneapolis Emergency Communications Center (MECC).

We are asking to create a new console site adding one MCC7500, one LAN switch, one proxy server and two firewalls to be housed at the Waters Edge Zone 1 MSO, and six MCC7100 console laptops to be used as remote access dispatch consoles. The MCC7100 consoles will be connecting via wireless cellular broadband carrier ISP "cloud" through dedicated VPN connections only. Creating this console site configuration at the MSO allows the maximum number of talk groups to be shared across all the consoles on the site. Because of the much larger capacity than any one agency console site provides, this new site could support possible future sharing with the rest of the metro region for remote MCC7100 console capabilities, and/or to alleviate other agency console summing. If this were to expand to the region in the future, proxy servers can be added to support up to 49 total MCC7100's.

This has been discussed with MN DOT and Motorola, the design has their support.

Best Regards.....

Rod Olson

MESB

Minnesota Communications Unit Exercise (COMMEX) Results Letter

November 7, 2016

Dear Dan,

Congratulations! You have completed all the required tasks during the COMMEX. Enclosed is your Position Task Book (PTB), along with your exercise support documents.

You will need to have your agency complete the agency certification portion of the PTB. After that, you will need to check who needs a copy of the PTB and make enough copies to send to the following locations that may apply:

- Your personnel file
- Your agency training or credentialing committee
- Your primary Emergency Communications Board (ECB) or Emergency Services Board (ESB)
- Any other credentialing entity (e.g., operational area, Incident Management Team (IMT) etc.)

Put the original PTB in your kit and continue to document any activities during future exercises, planned events, and incidents. After each assignment, re-copy the updated PTB and follow the same process to update your current experience.

Remember to document all activities in your PTB and do not leave the incident or event without getting an evaluation. Once your PTB is full, you will need to start a new PTB. This process will document all your experience and will help with re-credentialing requirements and keeping your skills current.

If you have any questions, I can be reached at 651-201-7548. Thank you for your participation; we look forward to seeing you at future communication-focused activities!

Respectfully,

A handwritten signature in black ink that reads "Cathy Anderson". The signature is fluid and cursive, with the first name "Cathy" and last name "Anderson" clearly visible.

Cathy Anderson
Standards and Training Coordinator

HISTORICAL RECOGNITION

Historical recognition is a process that provides a means by which incident management personnel who have either:

- Documentation of previous ICS training, education, and experience in an ICS position(s); or
- Documentation of previous extensive on-the-job incident response experience, may receive credit for that previous experience, training, or qualification(s) and be considered as meeting the minimum requirements of this guide in the categories of:
 - Education;
 - Training; and
 - Experience,

for an ICS position(s) until they have successfully completed the actual minimum requirements for that position. Historical Recognition does not apply to the categories of Physical/Medical Fitness, Currency, or certification. The minimum requirements within those categories must be met regardless of any historical recognition process.

HISTORICAL RECOGNITION PROCESS

If an Authority Having Jurisdiction (AHJ) does not form a Qualifications Committee to assist with the management of the overall qualifications process, AHJ's should give strong consideration to at least forming a committee for the purposes of reviewing and processing applications for Historical Recognition. Because of the time commitment involved and the potential for perceptions of favoritism and unequal treatment during the process, other ICS qualifications processes currently used by Federal and State agencies that included a historical recognition provision used review committees to accomplish that process.

The AHJ should develop a process to provide for the following:

- Developing a method to provide for historical recognition when there is sufficient documentation available to substantiate the experience;
- Developing a standardized method for any individual to submit documentation of the experience and training for review by the AHJ or the appropriate review committee established by the AHJ;
- Developing a method to determine if the previous experience or training is appropriate for the position, keeping in mind the required criteria for the position and the competencies necessary for safe and successful performance;
- Providing for Historical Recognition only when the individual has most recently performed the position within the last five years;
- Requiring the individual meet all minimum requirements in this guide for a position if the individual seeks an ICS position other than the position they were historically recognized for;
- Encouraging all individuals who are historically recognized into a position to complete the minimum requirements for the positions within five years of being historically recognized.

INCIDENT MANAGEMENT SYSTEM POSITION TASK BOOK

Position Task Books (PTB) were developed for designated positions as described under the National Interagency Incident Management System (NIIMS) and have been incorporated into the National Incident Management System (NIMS). The position task book is used by the authority having jurisdiction to certify that the person to whom the task book belongs meets the standards recommended by the National (NIMS) Integration Center (NIC).

Each PTB lists the performance requirements (tasks) for the specific position in a format that allows a trainee to be evaluated against written guidelines. Successful performance of all tasks, as observed and recorded by an evaluator, will result in a recommendation that the trainee be certified in that position.

Evaluation and confirmation of the individual's performance of all the tasks may involve more than one evaluator and can occur on incidents, in classroom simulation, and in other work situations. Designated PTBs require position performance during which the majority of required tasks are demonstrated on a single incident. It is important that performance be critically evaluated and accurately recorded by each evaluator. All tasks must be evaluated. All bullet statements within a task that require an action (contain an action verb) must be demonstrated before that task can be signed off.

A brief list of responsibilities also appears below.

RESPONSIBILITIES:

1. The **Agency Management** is responsible for:

- Selecting trainees based on the needs of their organization or area Incident Management Teams.
- Providing opportunities for evaluation and/or making the trainee available for evaluation.

2. The **Individual** is responsible for:

- Reviewing and understanding instructions in the PTB.
- Identifying desired objectives/goals.
- Providing background information to an evaluator.
- Satisfactorily demonstrating completion of all tasks for an assigned position within three years.
- Assuring the evaluation record is complete.
- Notifying the local agency head when the PTB is completed, and obtaining their signature recommending certification.
- Keeping the original PTB in personal records.

3. The **Evaluator** is responsible for:

- Being qualified and proficient in the position being evaluated.
- Meeting with the trainee and determining past experience, current qualifications, and desired objectives/goals.
- Reviewing tasks with the trainee.
- Explaining to the trainee the evaluation procedures that will be utilized and which

- objectives may be attained.
 - Identifying tasks to be performed during the evaluation period.
 - Accurately evaluating and recording demonstrated performance of tasks. Dating and initialing completion of the task shall document satisfactory performance. Unsatisfactory performance shall be documented in the Record of Evaluation.
 - Completing the Record of Evaluation found at the end of each PTB.
4. The **Final Evaluator** is responsible for signing the verification statement inside the front cover of the PTB when all tasks have been initialed.
5. The **Agency Head** or designee is responsible for:
- Issuing the PTB to document task performance.
 - Explaining to the trainee the purpose and processes of the PTB, as well as the trainee's responsibilities.
 - Tracking progress of the trainee.
 - Identifying incident evaluation opportunities.
 - Identifying and assigning an evaluator that can provide a positive experience for the trainee, and make an accurate and honest appraisal of the trainee's performance.
 - Documenting the assignment.
 - Conducting progress reviews.
 - Conducting a closeout interview with the trainee and evaluator and assuring that documentation is proper and complete.

Competency 1: General

Task	Code	Evaluator # and Initials	Date
<p>1. Obtain and assemble information and materials needed for a response kit prior to receiving an assignment, including critical items needed for the assignment and items needed for functioning during the first 48 hours. The following items are suggested as basic information and materials kept in a go bag:</p> <p>Reference Materials</p> <ul style="list-style-type: none"> • Appropriate ICS forms and logs. • Current Tactical Interoperable Communications Plan (TICP) and Statewide Communications Interoperability Plan (SCIP), if available. • Inventories or other lists of local and regional communications response equipment. • Preplanned local system coverage maps. • Contact, capability, and availability information for local and regional Communications Technicians and Specialists. • Field Operation Guide (NIFOG). • COML Mobilization Guide (specific to locality). <p>Supplies</p> <ul style="list-style-type: none"> • Pads of paper, pencils, pens, and tape. • Portable radio(s) as appropriate for the region. • Personal items (including medicine and cash), food and beverage to be self-sustained for 48 hours or more. • Radio programming equipment (cloning cable or computer), adapters, and suitable tools. • GPS. • First-aid kit. • 24-hour clock. • Multi-purpose knife. 	O	#1 JJA	10/18/16

Code: O = Can be completed in any situation (Simulation, Classroom, Daily Job)

Code: I = Must be performed on an Incident, Planned Event*, or an FE/FSE* (*Must be pre-approved by the Statewide Interoperability Coordinator (SWIC))

Task	Code	Evaluator # and Initials	Date
2. Establish and maintain positive interpersonal and interagency working relationships. <ul style="list-style-type: none"> Through briefings, discuss EEO, civil rights, sexual discrimination, and other sensitive issues, with assigned personnel. Create a work environment that provides diversity and equal opportunity for all personnel assigned to the incident. Provide equal assignment opportunities based on individual skill level. Monitor and evaluate progress based on expected work standards. 	O	#1 JBT	10/12/16
3. Provide for the safety and welfare of assigned personnel during the entire period of supervision. <ul style="list-style-type: none"> Recognize potentially hazardous situations. Inform subordinates of hazards. Provide safety and identifying equipment, such as vests identifying the communication's function, flashlights, and glow sticks. Ensure that special precautions are taken when extraordinary hazards exist. Ensure adequate rest, hydration, and nutrition is provided to all unit personnel. Recognize any special medical needs of all unit personnel. 	I	#1 JBT	10/12/16

Competency 2: Mobilization

Task	Code	Evaluator # and Initials	Date
4. Obtain complete information from the public safety communications center(s) serving the area and incident upon initial activation, including: <ul style="list-style-type: none"> Incident name and, as appropriate, an order, request, or other unique number identifying the incident for tracking purposes. Reporting location. Reporting time. Transportation arrangements/travel routes. Contact procedures during travel (telephone/radio). 	I	#1 JBT	10/12/16

Code: O = Can be completed in any situation (Simulation, Classroom, Daily Job)

Code: I = Must be performed on an Incident, Planned Event*, or an FE/FSE* (*Must be pre-approved by the Statewide Interoperability Coordinator (SWIC))

Task	Code	Evaluator # and Initials	Date
5. Gather information to assess the incident assignment. This is an ongoing task throughout all phases of the incident. Include assigned resources in a draft Incident Radio Communications Plan (ICS Form 205). Examples of important information include: <ul style="list-style-type: none"> • Frequencies and/or talkgroups already assigned. • Other mutual aid channels or equipment already in use. • Gateway or other interoperability devices already in use. • Other current incidents or events that may create conflicts communications plans or tax resources. 	I	#1 JEM	10/12/16
6. Contact Local Communications Coordinator or Communications Duty Officer (CDO) at NIFC or any local or state resources as necessary to determine frequencies and equipment assigned to the incident. If appropriate for this incident.	I	#1 JEM	10/12/16
7. Arrive at incident and check in. Arrive properly equipped at the assigned incident location within acceptable time limits.	I	#1 JEM	10/12/16
8. Obtain briefing from supervisor. Examples of briefing items are: <ul style="list-style-type: none"> • Work space. • Work schedule. • Policies and operating procedures. • Current resource commitments and expectations. • Current situation. • Expected duration of assignment. • Special needs. This list is not all inclusive; COML is responsible for asking adequate questions.	I	#1 JEM	10/12/16
9. Receive Incident Action Plan (IAP) or Incident Briefing Form (ICS Form 201), if developed. Determine support needs to meet the IAP.	I	#1 JEM	10/12/16
10. Determine requirements for communications to be established and place the initial order. Using information obtained from IAP, section briefings, and agency briefings; immediately order (using proper procedures) supplies, materials, and equipment necessary to support projected incident size.	I	#1 JEM	10/12/16

Code: O = Can be completed in any situation (Simulation, Classroom, Daily Job)

Code: I = Must be performed on an Incident, Planned Event*, or an FE/FSE* (*Must be pre-approved by the Statewide Interoperability Coordinator (SWIC))

Task	Code	Evaluator # and Initials	Date
11. Evaluate needs and order supplies, materials, and personnel to keep unit operating. <ul style="list-style-type: none"> Order materials and supplies using procedures established by the section chief. Maintain quantities of supplies and materials at a level to prevent shortage of any basic needed items. Ensure adequate personnel to support the communications unit, technicians, radio operators, etc. Coordinate with the participating agencies for any or additional interoperability resources that may be needed. Assess current tactical communications equipment needs such as power sources for extended operations. 	I	#1 Jem	10/12/16
12. Organize and supervise unit. <ul style="list-style-type: none"> Brief and keep subordinates informed and updated. Establish unit time frames and schedules. Assign and monitor work assignments. Review and approve time. Develop team work. Provide counseling and discipline as needed. Follow established procedures for reporting inappropriate actions involving contractors, military, or other personnel. Brief relief personnel. 	I	#1 Jem	10/12/16
13. Participate in incident planning meetings as the technical expert for communications needs. <ul style="list-style-type: none"> Determine the feasibility of providing the required communications support. Provide operational and technical information on communications equipment available for the incident. Provide operational and technical information on communications equipment and systems capabilities and restrictions. Coordinate with other Communications Unit Leaders under any Area Command established to share information and assure communications interoperability. 	I	#1 Jem	10/12/16

Code: O = Can be completed in any situation (Simulation, Classroom, Daily Job)

Code: I = Must be performed on an Incident, Planned Event*, or an FE/FSE* (*Must be pre-approved by the Statewide Interoperability Coordinator (SWIC))

Task	Code	Evaluator # and Initials	Date
<p>14. Design communications systems to meet incident operational needs.</p> <ul style="list-style-type: none"> Determine additional resource needs and order necessary equipment and personnel. Prepare Incident Radio Communications Plan, ICS Form 205. Request any additional communications vendor services (e.g., telephone, SATCOM, microwave) and identify costs associated with equipment. Coordinate, through the chain of command, the locations for equipment to be installed (e.g., repeaters, satellite telephones, telephone lines, etc.). Provide communications support for external and internal data operations. Order frequencies following the proper procedures. Create diagrams of current communication system(s). Determine optimal locations for any future expansion of communications equipment using topographical maps to evaluate elevation and separation needs. 	I	#1 JBT	10/12/16
<p>15. Install communications equipment.</p> <ul style="list-style-type: none"> Obtain equipment from supply unit, if one exists and/or from authorized sources. Provide for the installation of and test all components of the communications equipment to ensure the incident's systems are operational, for example: <ul style="list-style-type: none"> Command repeater. Logistics repeater. Links (radio and wire-based). Remotes. Gateways. Aircraft and other special needs. Develop installation priorities, while adhering to safety standards regarding communications needs of tactical personnel (i.e., operations before logistics.). Clone or program radios as necessary and authorized. 	I	#1 JBT	10/12/16

Code: O = Can be completed in any situation (Simulation, Classroom, Daily Job)

Code: I = Must be performed on an Incident, Planned Event*, or an FE/FSE* (*Must be pre-approved by the Statewide Interoperability Coordinator (SWIC))

Task	Code	Evaluator # and Initials	Date
16. Assign communications equipment. <ul style="list-style-type: none"> Identify kinds and numbers of communications equipment to be distributed to specific units according to the communications plan. Provide resources and unit leaders with appropriate equipment based on the communications plan. Provide basic training as needed on equipment being fielded. Maintain equipment inventory to provide accountability. 	I	#1 JEP	10/12/16
17. Establish Incident Communications Center (ICC). <ul style="list-style-type: none"> Coordinate location of ICC with Facilities Unit Leader. Locate ICC close to the incident command post and away from high traffic areas and noise. Locate ICC away from radio frequency and electronic noise. Verify Estimated Time of Arrival (ETA) of communications personnel and establish assignments based on incident requirements. Set schedules around operations requirements. Obtain necessary supplies for ICC to function properly. 	I	#1 JEP	10/12/16
18. Manage operations of the ICC. <ul style="list-style-type: none"> Document radio/telephone activities on appropriate forms. Set up filing system for ICC documentation. Direct radio/telephone traffic to proper destinations. Establish notification procedures for emergency messages. Identify system problems, both technical and operational, and determine appropriate solutions. Follow established routing procedures for messages. 	I	#1 JEP	10/12/16

Code: O = Can be completed in any situation (Simulation, Classroom, Daily Job)

Code: I = Must be performed on an Incident, Planned Event*, or an FE/FSE* (*Must be pre-approved by the Statewide Interoperability Coordinator (SWIC))

Task	Code	Evaluator # and Initials	Date
19. Coordinate frequencies, activities, and resources with communications resource coordinators outside of the incident. <ul style="list-style-type: none"> • Contact communications coordinators and notify them of incident frequency, talkgroup, mutual aid channel, dispatch center, or other shared resource assignments, as appropriate. • Identify communications equipment and personnel that are excess to incident needs and demobilize if appropriate. • Identify resources as to type/qualifications, quantity, and location. • Provide a copy of the ICS Form 205 to other agencies or to the COML at any nearby incidents as necessary to avoid interference or other conflicts. 	I	#1 JEM	10/12/16
20. Notify appropriate local, county, regional, State and/or Federal agencies on adjacent incident(s) of system design and frequency allocations.	I	#1 JEM	10/12/16
21. Initiate and maintain accurate records of all communications equipment <ul style="list-style-type: none"> • Initiate and maintain accountability system for issuing hand-held radio resources • Document geographic locations of equipment and transfer this information to local maps (latitude/longitude, legal). • Keep records for local and national resources to ensure return to proper locations. 	I	#1 JEM	10/12/16
22. Perform operational tests of communications systems throughout the duration of the incident. <ul style="list-style-type: none"> • Identify and take necessary action to accomplish minor field repair or place orders for replacement of equipment. • Monitor all gateways in use. • Plan for battery replacement. • Act decisively to minimize interruptions in system operation. 	I	#1 JEM	10/12/16

Code: O = Can be completed in any situation (Simulation, Classroom, Daily Job)

Code: I = Must be performed on an Incident, Planned Event*, or an FE/FSE* (*Must be pre-approved by the Statewide Interoperability Coordinator (SWIC))

Task	Code	Evaluator # and Initials	Date
23. Interact and coordinate with appropriate unit leaders and operations personnel. <ul style="list-style-type: none"> • Coordinate with operations regarding system coverage and needs. • Coordinate with first responders and public safety support organizations regarding needed support (e.g., medical unit for medical evacuation plan). • Coordinate with special units (air operations, EOD, SWAT, etc.) for special frequency needs. • Participate in planning meetings and briefings. Know what other resources may be coming to the incident, such as those from Urban Search and Rescue (USAR), National Interagency Fire Center (NIFC), FEMA, Coast Guard, etc.	I	#1 JPM	10/12/16
24. Identify for release any excess unit resources. Coordinate with unit managers and provide a list of excess personnel and facilities. List will include: <ul style="list-style-type: none"> • Who or what is excess. • Time and date of excess. The list will be reviewed daily for accuracy. Follow the established demobilization process, including notification to communications resource coordinators. 	I	#1 JPM	10/12/16
25. Maintain ICS Unit Log. Unit Log will be kept current, legible, and will document all major activities, which may include: <ul style="list-style-type: none"> • Equipment locations. • Medical evacuations. • Personnel changes. 	I	#1 JPM	10/12/16
26. Evaluate performance of subordinates as required by agency policy and/or permitted by agreement. <ul style="list-style-type: none"> • Discuss performance evaluations with individual(s). • Maintain accuracy and fairness. • List training if needed or desired. 	I	#1 JPM	10/12/16

Code: O = Can be completed in any situation (Simulation, Classroom, Daily Job)

Code: I = Must be performed on an Incident, Planned Event*, or an FE/FSE* (*Must be pre-approved by the Statewide Interoperability Coordinator (SWIC))

Competency 3: Demobilization

Task	Code	Evaluator# Initials	Date
27. Demobilization and check out. <ul style="list-style-type: none">• Submit all required information to the Documentation Unit Leader.• Receive demobilization instructions from work supervisor.• Brief subordinate staff on demobilization procedures and responsibilities.• Ensure that incident and agency demobilization procedures are followed.• Complete required ICS form(s) and turn in to the appropriate person.• Ensure that personnel in the unit are demobilized correctly.• Document lost equipment on agency specific forms.	I	#1 JDM	10/10/14

Code: O = Can be completed in any situation (Simulation, Classroom, Daily Job)

Code: I = Must be performed on an Incident, Planned Event*, or an FE/FSE* (*Must be pre-approved by the Statewide Interoperability Coordinator (SWIC))

All-Hazard Communication Unit Leader**INSTRUCTIONS FOR COMPLETING THE RECORD OF EVALUATION**

There are four separate pages allowing evaluations to be made. These evaluations may be made on incidents, planned events, Full Scale Exercises (FSE), Functional Exercises (FE), simulation in classroom, or in daily duties, depending on what the position task book indicates. This should be sufficient for qualification in the position if the individual is adequately prepared. If additional evaluation opportunities are needed, a page can be copied from a blank task book and attached. (Remember to change the Evaluation Record # to the next sequential number.)

COMPLETE THESE ITEMS AT THE END OF THE EVALUATION PERIOD:

Trainee's name and Trainee's position: Self Explanatory

Evaluator's name, title and agency: List the name of the evaluator, and his/her incident position (on incidents) or office title, and agency.

Evaluator's agency address, e-mail address and phone: Self explanatory

Evaluation Record #: The number prepopulated in the upper left corner of the evaluation page identifies a particular experience or group of experiences. This number should be placed in the column labeled "Evaluation Record #" on the Qualification Record for each task performed satisfactorily during the evaluation opportunity.

Name and Location of Incident or Situation: Identify the name of the incident (if there is one) and the location where the tasks were performed. If evaluation occurs during a short term situation rather than a named incident, list the responding agency and area.

Incident Kind: Enter kind of incident, e.g., hurricane, wild land fire, search and rescue, flood, preplanned event, full scale exercise, etc.

COMPLETE THESE ITEMS AT THE END OF THE EVALUATION PERIOD:

Number and Kind of Resources: Enter how many resources of each kind assigned to the incident pertinent to the trainee's task book position. (e.g. 2 mobile communications vehicles)

Duration: Enter inclusive dates during which the trainee was evaluated. If evaluation occurs during a short term situation, enter date and start and end time of evaluation. (e.g. 11/1/14 to 11/4/14)

Management Level or Complexity Level: Indicates ICS organization level, i.e., Type 5, Type 4, Type 3, Type 2, Type 1, Area Command.

Recommendation: Check as appropriate and/or make comments regarding the future needs for development of this trainee.

Date: List the date the record is being completed.

Evaluator's initials: Evaluator initials here to authenticate their recommendations and to allow for comparison with initials in the Qualifications Record.

Evaluator's relevant rating: Evaluator lists their certification relevant to the trainee position they supervised.

This page intentionally left blank.

RECORD OF EVALUATION

ICS Form 225 INCIDENT PERSONNEL PERFORMANCE RATING

THIS RATING IS TO BE USED ONLY FOR DETERMINING AN INDIVIDUAL'S PERFORMANCE ON AN INCIDENT/EVENT

1. Name: <u>Lynn M. Belick</u>	2. Incident Name: <u>Train</u>	3. Incident Number: <u>20161698</u>
4. Home Unit Name and Address: <u>Amherst Radio & 1 Main St. GR, MA</u>	5. Incident Agency and Address: <u>GR PD</u>	
6. Position Held on Incident: <u>RADO</u>	7. Date(s) of Assignment: From: <u>10/12/16</u> To: <u></u>	8. Incident Complexity Level: <input type="checkbox"/> 1 <input type="checkbox"/> 2 <input checked="" type="checkbox"/> 3 <input type="checkbox"/> 4 <input type="checkbox"/> 5
9. Incident Definition: <u>Train Derailment</u>		

10. Evaluation

Rating Factors	N/A	1 - Unacceptable	2	3 - Met Standards	4	5 - Exceeded Expectations
11. Knowledge of the Job/ Professional Competence: Ability to acquire, apply, and share technical and administrative knowledge and skills associated with description of duties. (Includes operational aspects such as marine safety, seamanship, airmanship, SAR, etc., as appropriate.)	<input type="checkbox"/>	Questionable competence and credibility. Operational or specialty expertise inadequate or lacking in key areas. Made little effort to grow professionally. Used knowledge as power against others or bluffed rather than acknowledging ignorance. Effectiveness reduced due to limited knowledge of own organizational role and customer needs.	<input type="checkbox"/>	Competent and credible authority on specialty or operational issues. Acquired and applied excellent operational or specialty expertise for assigned duties. Showed professional growth through education, training, and professional reading. Shared knowledge and information with others clearly and simply. Understood own organizational role and customer needs.	<input checked="" type="checkbox"/>	Superior expertise; advice and actions showed great breadth and depth of knowledge. Remarkable grasp of complex issues, concepts, and situations. Rapidly developed professional growth beyond expectations. Vigorously conveyed knowledge, directly resulting in increased workplace productivity. Insightful knowledge of own role, customer needs, and value of work.
12. Ability To Obtain Performance/Results: Quality, quantity, timeliness, and impact of work.	<input type="checkbox"/>	Routine tasks accomplished with difficulty. Results often late or of poor quality. Work had a negative impact on department or unit. Maintained the status quo despite opportunities to improve.	<input type="checkbox"/>	Got the job done in all routine situations and in many unusual ones. Work was timely and of high quality; required same of subordinates. Results had a positive impact on IMT. Continuously improved services and organizational effectiveness.	<input checked="" type="checkbox"/>	Maintained optimal balance among quality, quantity, and timeliness of work. Quality of own and subordinates' work surpassed expectations. Results had a significant positive impact on the IMT. Established clearly effective systems of continuous improvement.
13. Planning/ Preparedness: Ability to anticipate, determine goals, identify relevant information, set priorities and deadlines, and create a shared vision of the Incident Management Team (IMT).	<input type="checkbox"/>	Got caught by the unexpected; appeared to be controlled by events. Set vague or unrealistic goals. Used unreasonable criteria to set priorities and deadlines. Rarely had plan of action. Failed to focus on relevant information.	<input type="checkbox"/>	Consistently prepared. Set high but realistic goals. Used sound criteria to set priorities and deadlines. Used quality tools and processes to develop action plans. Identified key information. Kept supervisors and stakeholders informed.	<input checked="" type="checkbox"/>	Exceptional preparation. Always looked beyond immediate events or problems. Skillfully balanced competing demands. Developed strategies with contingency plans. Assessed all aspects of problems, including underlying issues and impact.
14. Using Resources: Ability to manage time, materials, information, money, and people (i.e., all IMT components as well as external publics).	<input type="checkbox"/>	Concentrated on unproductive activities or often overlooked critical demands. Failed to use people productively. Did not follow up. Mismanaged information, money, or time. Used ineffective tools or left subordinates without means to accomplish tasks. Employed wasteful methods.	<input type="checkbox"/>	Effectively managed a variety of activities with available resources. Delegated, empowered, and followed up. Skilled time manager, budgeted own and subordinates' time productively. Ensured subordinates had adequate tools, materials, time, and direction. Cost conscious, sought ways to cut waste.	<input checked="" type="checkbox"/>	Unusually skilled at bringing scarce resources to bear on the most critical of competing demands. Optimized productivity through effective delegation, empowerment, and follow-up control. Found ways to systematically reduce cost, eliminate waste, and improve efficiency.
15. Adaptability/Attitude: Ability to maintain a positive attitude and modify work methods and priorities in response to new information, changing conditions, political realities, or unexpected obstacles.	<input type="checkbox"/>	Unable to gauge effectiveness of work, recognize political realities, or make adjustments when needed. Maintained a poor outlook. Overlooked or screened out new information. Ineffective in ambiguous, complex, or pressured situations.	<input type="checkbox"/>	Receptive to change, new information, and technology. Effectively used benchmarks to improve performance and service. Monitored progress and changed course as required. Maintained a positive approach. Effectively dealt with pressure and ambiguity. Facilitated smooth transitions. Adjusted direction to accommodate political realities.	<input checked="" type="checkbox"/>	Rapidly assessed and confidently adjusted to changing conditions, political realities, new information, and technology. Very skilled at using and responding to measurement indicators. Championed organizational improvements. Effectively dealt with extremely complex situations. Turned pressure and ambiguity into constructive forces for change.
16. Communication Skills: Ability to speak effectively and listen to understand. Ability to express facts and ideas clearly and convincingly.	<input type="checkbox"/>	Unable to effectively articulate ideas and facts; lacked preparation, confidence, or logic. Used inappropriate language or rambled. Nervous or distracting mannerisms detracted from message. Failed to listen carefully or was too argumentative. Written material frequently unclear, verbose, or poorly organized. Seldom proofread.	<input type="checkbox"/>	Effectively expressed ideas and facts in individual and group situations; nonverbal actions consistent with spoken message. Communicated to people at all levels to ensure understanding. Listened carefully for intended message as well as spoken words. Written material clear, concise, and logically organized. Proofread conscientiously.	<input checked="" type="checkbox"/>	Clearly articulated and promoted ideas before a wide range of audiences; accomplished speaker in both formal and extemporaneous situations. Adept at presenting complex or sensitive issues. Active listener; remarkable ability to listen with open mind and identify key issues. Clearly and persuasively expressed complex or controversial material, directly contributing to stated objectives.

INCIDENT PERSONNEL PERFORMANCE RATING (ICS 225)

Name:		2. Incident Name:		3. Incident Number:	
10. Evaluation					
Rating Factors	N/A	1 – Unacceptable	2	3 – Met Standards	4
					5 – Exceeded Expectations
17. Ability To Work on a Team: Ability to manage, lead and participate in teams, encourage cooperation, and develop esprit de corps.	<input type="checkbox"/>	Used teams ineffectively or at wrong times. Conflicts mismanaged or often left unresolved, resulting in decreased team effectiveness. Excluded team members from vital information. Stifled group discussions or did not contribute productively. Inhibited cross functional cooperation to the detriment of unit or service goals.	<input type="checkbox"/>	Skillfully used teams to increase unit effectiveness, quality, and service. Resolved or managed group conflict, enhanced cooperation, and involved team members in decision process. Valued team participation. Effectively negotiated work across functional boundaries to enhance support of broader mutual goals.	<input checked="" type="checkbox"/>
18. Consideration for Personnel/Team Welfare: Ability to consider and respond to others' personal needs, capabilities, and achievements; support for and application of worklife concepts and skills.	<input type="checkbox"/>	Seldom recognized or responded to needs of people; left outside resources untapped despite apparent need. Ignorance of individuals' capabilities increased chance of failure. Seldom recognized or rewarded deserving subordinates or other IMT members.	<input type="checkbox"/>	Cared for people. Recognized and responded to their needs; referred to outside resources as appropriate. Considered individuals' capabilities to maximize opportunities for success. Consistently recognized and rewarded deserving subordinates or other IMT members.	<input checked="" type="checkbox"/>
19. Directing Others: Ability to influence or direct others in accomplishing tasks or missions.	<input type="checkbox"/>	Showed difficulty in directing or influencing others. Low or unclear work standards reduced productivity. Failed to hold subordinates accountable for shoddy work or irresponsible actions. Unwilling to delegate authority to increase efficiency of task accomplishment.	<input type="checkbox"/>	A leader who earned others' support and commitment. Set high work standards; clearly articulated job requirements, expectations, and measurement criteria; held subordinates accountable. When appropriate, delegated authority to those directly responsible for the task.	<input checked="" type="checkbox"/>
20. Judgment/Decisions Under Stress: Ability to make sound decisions and provide valid recommendations by using facts, experience, political acumen, common sense, risk assessment, and analytical thought.	<input type="checkbox"/>	Decisions often displayed poor analysis. Failed to make necessary decisions, or jumped to conclusions without considering facts, alternatives, and impact. Did not effectively weigh risk, cost, and time considerations. Unconcerned with political drivers on organization.	<input type="checkbox"/>	Demonstrated analytical thought and common sense in making decisions. Used facts, data, and experience, and considered the impact of alternatives and political realities. Weighed risk, cost, and time considerations. Made sound decisions promptly with the best available information.	<input checked="" type="checkbox"/>
21. Initiative Ability to originate and act on new ideas, pursue opportunities to learn and develop, and seek responsibility without guidance and supervision.	<input type="checkbox"/>	Postponed needed action. Implemented or supported improvements only when directed to do so. Showed little interest in career development. Feasible improvements in methods, services, or products went unexplored.	<input type="checkbox"/>	Championed improvement through new ideas, methods, and practices. Anticipated problems and took prompt action to avoid or resolve them. Pursued productivity gains and enhanced mission performance by applying new ideas and methods.	<input checked="" type="checkbox"/>
22. Physical Ability for the Job: Ability to invest in the IMT's future by caring for the physical health and emotional well-being of self and others.	<input type="checkbox"/>	Failed to meet minimum standards of sobriety. Tolerated or condoned others' alcohol abuse. Seldom considered subordinates' health and well-being. Unwilling or unable to recognize and manage stress despite apparent need.	<input type="checkbox"/>	Committed to health and well-being of self and subordinates. Enhanced personal performance through activities supporting physical and emotional well-being. Recognized and managed stress effectively.	<input checked="" type="checkbox"/>
23. Adherence to Safety: Ability to invest in the IMT's future by caring for the safety of self and others.	<input type="checkbox"/>	Failed to adequately identify and protect personnel from safety hazards.	<input type="checkbox"/>	Ensured that safe operating procedures were followed.	<input checked="" type="checkbox"/>
24. Remarks: <i>Good Attitude, Pleasure to work with</i>					
25. Rated Individual (This rating has been discussed with me): Signature: <i>[Signature]</i> Date/Time: <i>10/12/16 1430hrs</i>					
26. Rated by: Name: <i>[Signature]</i> Signature: <i>[Signature]</i> Unit: <i>Fire</i> Position Held on This Incident: <i>COML</i> ICS 225 Date/Time: <i>10/12/16 1430hrs</i>

Metro Region Communications Unit Leader

Type III COML CERTIFICATION CHECK OFF

The following items checked are included in this packet

- ☒ All Prerequisite Training Completed
 - ☒ ICS 700 (Printout attached)
 - ☒ ICS 800 (Printout attached)
 - ☒ ICS 100 (a or b) (Printout attached)
 - ☒ ICS 200 (Printout attached)
 - ☒ ICS 300 (Printout attached)

If you are part of the Minnesota training Website, A print of the HSEM Certification Record Completed courses main page with the above courses listed will be sufficient.

- ☒ Copy of Certificate from COML training
- ☒ Agency Certification (attached)
- ☒ Completed Task Book (with evaluator reviews)
- ☒ Copy of an Incident Action Plan, Incident Communications Plan, or After Action Plan (only one needed)
- ☒ Final Evaluator Certification (attached)
- ☒ Regional Interoperability Coordinator review

Minnesota Communications Unit Exercise (COMMEX) Results Letter

November 7, 2016

Dear Jacob,

Congratulations! You have completed all the required tasks during the COMMEX. Enclosed is your Position Task Book (PTB), along with your exercise support documents.

You will need to have your agency complete the agency certification portion of the PTB. After that, you will need to check who needs a copy of the PTB and make enough copies to send to the following locations that may apply:

- Your personnel file
- Your agency training or credentialing committee
- Your primary Emergency Communications Board (ECB) or Emergency Services Board (ESB)
- Any other credentialing entity (e.g., operational area, Incident Management Team (IMT) etc.)

Put the original PTB in your kit and continue to document any activities during future exercises, planned events, and incidents. After each assignment, re-copy the updated PTB and follow the same process to update your current experience.

Remember to document all activities in your PTB and do not leave the incident or event without getting an evaluation. Once your PTB is full, you will need to start a new PTB. This process will document all your experience and will help with re-credentialing requirements and keeping your skills current.

If you have any questions, I can be reached at 651-201-7548. Thank you for your participation; we look forward to seeing you at future communication-focused activities!

Respectfully,

A handwritten signature in black ink that reads "Cathy Anderson".

Cathy Anderson
Standards and Training Coordinator

Homeland Security

ALL-HAZARD COMMUNICATIONS UNIT LEADER (COML)

Position Task Book

Task Book Assigned To:

Trainee's Name: JACOB CREE
Home Unit/Agency: HERNIM EMS
Home Unit Phone Number: 612-347-2140

Task Book Initiated By:

Official's Name: Jason Matthews
Home Unit Title: Lead ECS
Home Unit/Agency: St Louis County 911
Home Unit Phone Number: 218 340 2940
Home Unit Address: 2030 N Arlington Ave Duluth MN 55801
Date Initiated: Oct 12 2016

VERIFICATION / CERTIFICATION OF COMPLETED TASK BOOK FOR THE
POSITION OF ALL- HAZARDS COMMUNICATIONS UNIT LEADER (COML)

FINAL EVALUATOR'S VERIFICATION

I verify that all tasks have been performed and are documented with appropriate initials.
I also verify that Jacob Cree
has performed as a trainee and should therefore be considered for certification in this
position.

Title EMS Chief Phone Number 612-873-3839

HISTORICAL RECOGNITION

Historical recognition is a process that provides a means by which incident management personnel who have either:

- Documentation of previous ICS training, education, and experience in an ICS position(s); or
- Documentation of previous extensive on-the-job incident response experience, may receive credit for that previous experience, training, or qualification(s) and be considered as meeting the minimum requirements of this guide in the categories of:
 - Education;
 - Training; and
 - Experience,

for an ICS position(s) until they have successfully completed the actual minimum requirements for that position. Historical Recognition does not apply to the categories of Physical/Medical Fitness, Currency, or certification. The minimum requirements within those categories must be met regardless of any historical recognition process.

HISTORICAL RECOGNITION PROCESS

If an Authority Having Jurisdiction (AHJ) does not form a Qualifications Committee to assist with the management of the overall qualifications process, AHJ's should give strong consideration to at least forming a committee for the purposes of reviewing and processing applications for Historical Recognition. Because of the time commitment involved and the potential for perceptions of favoritism and unequal treatment during the process, other ICS qualifications processes currently used by Federal and State agencies that included a historical recognition provision used review committees to accomplish that process.

The AHJ should develop a process to provide for the following:

- Developing a method to provide for historical recognition when there is sufficient documentation available to substantiate the experience;
- Developing a standardized method for any individual to submit documentation of the experience and training for review by the AHJ or the appropriate review committee established by the AHJ;
- Developing a method to determine if the previous experience or training is appropriate for the position, keeping in mind the required criteria for the position and the competencies necessary for safe and successful performance;
- Providing for Historical Recognition only when the individual has most recently performed the position within the last five years;
- Requiring the individual meet all minimum requirements in this guide for a position if the individual seeks an ICS position other than the position they were historically recognized for;
- Encouraging all individuals who are historically recognized into a position to complete the minimum requirements for the positions within five years of being historically recognized.

INCIDENT MANAGEMENT SYSTEM POSITION TASK BOOK

Position Task Books (PTB) were developed for designated positions as described under the National Interagency Incident Management System (NIIMS) and have been incorporated into the National Incident Management System (NIMS). The position task book is used by the authority having jurisdiction to certify that the person to whom the task book belongs meets the standards recommended by the National (NIMS) Integration Center (NIC).

Each PTB lists the performance requirements (tasks) for the specific position in a format that allows a trainee to be evaluated against written guidelines. Successful performance of all tasks, as observed and recorded by an evaluator, will result in a recommendation that the trainee be certified in that position.

Evaluation and confirmation of the individual's performance of all the tasks may involve more than one evaluator and can occur on incidents, in classroom simulation, and in other work situations. Designated PTBs require position performance during which the majority of required tasks are demonstrated on a single incident. It is important that performance be critically evaluated and accurately recorded by each evaluator. All tasks must be evaluated. All bullet statements within a task that require an action (contain an action verb) must be demonstrated before that task can be signed off.

A brief list of responsibilities also appears below.

RESPONSIBILITIES:

1. The **Agency Management** is responsible for:

- Selecting trainees based on the needs of their organization or area Incident Management Teams.
- Providing opportunities for evaluation and/or making the trainee available for evaluation.

2. The **Individual** is responsible for:

- Reviewing and understanding instructions in the PTB.
- Identifying desired objectives/goals.
- Providing background information to an evaluator.
- Satisfactorily demonstrating completion of all tasks for an assigned position within three years.
- Assuring the evaluation record is complete.
- Notifying the local agency head when the PTB is completed, and obtaining their signature recommending certification.
- Keeping the original PTB in personal records.

3. The **Evaluator** is responsible for:

- Being qualified and proficient in the position being evaluated.
- Meeting with the trainee and determining past experience, current qualifications, and desired objectives/goals.
- Reviewing tasks with the trainee.
- Explaining to the trainee the evaluation procedures that will be utilized and which

objectives may be attained.

- Identifying tasks to be performed during the evaluation period.
 - Accurately evaluating and recording demonstrated performance of tasks. Dating and initialing completion of the task shall document satisfactory performance. Unsatisfactory performance shall be documented in the Record of Evaluation.
 - Completing the Record of Evaluation found at the end of each PTB.
4. The **Final Evaluator** is responsible for signing the verification statement inside the front cover of the PTB when all tasks have been initialed.
5. The **Agency Head** or designee is responsible for:
- Issuing the PTB to document task performance.
 - Explaining to the trainee the purpose and processes of the PTB, as well as the trainee's responsibilities.
 - Tracking progress of the trainee.
 - Identifying incident evaluation opportunities.
 - Identifying and assigning an evaluator that can provide a positive experience for the trainee, and make an accurate and honest appraisal of the trainee's performance.
 - Documenting the assignment.
 - Conducting progress reviews.
 - Conducting a closeout interview with the trainee and evaluator and assuring that documentation is proper and complete.

Competency 1: General

Task	Code	Evaluator # and Initials	Date
<p>1. Obtain and assemble information and materials needed for a response kit prior to receiving an assignment, including critical items needed for the assignment and items needed for functioning during the first 48 hours. The following items are suggested as basic information and materials kept in a go bag:</p> <p>Reference Materials</p> <ul style="list-style-type: none"> • Appropriate ICS forms and logs. • Current Tactical Interoperable Communications Plan (TICP) and Statewide Communications Interoperability Plan (SCIP), if available. • Inventories or other lists of local and regional communications response equipment. • Preplanned local system coverage maps. • Contact, capability, and availability information for local and regional Communications Technicians and Specialists. • Field Operation Guide (NIFOG). • COML Mobilization Guide (specific to locality). <p>Supplies</p> <ul style="list-style-type: none"> • Pads of paper, pencils, pens, and tape. • Portable radio(s) as appropriate for the region. • Personal items (including medicine and cash), food and beverage to be self-sustained for 48 hours or more. • Radio programming equipment (cloning cable or computer), adapters, and suitable tools. • GPS. • First-aid kit. • 24-hour clock. • Multi-purpose knife. 	O	#1 JCM	10/12/16

Code: O = Can be completed in any situation (Simulation, Classroom, Daily Job)

Code: I = Must be performed on an Incident, Planned Event*, or an FE/FSE* (*Must be pre-approved by the Statewide Interoperability Coordinator (SWIC))

Task	Code	Evaluator # and Initials	Date
2. Establish and maintain positive interpersonal and interagency working relationships. <ul style="list-style-type: none"> • Through briefings, discuss EEO, civil rights, sexual discrimination, and other sensitive issues, with assigned personnel. • Create a work environment that provides diversity and equal opportunity for all personnel assigned to the incident. • Provide equal assignment opportunities based on individual skill level. • Monitor and evaluate progress based on expected work standards. 	O	#1 JCM	10/12/16
3. Provide for the safety and welfare of assigned personnel during the entire period of supervision. <ul style="list-style-type: none"> • Recognize potentially hazardous situations. • Inform subordinates of hazards. • Provide safety and identifying equipment, such as vests identifying the communication's function, flashlights, and glow sticks. • Ensure that special precautions are taken when extraordinary hazards exist. • Ensure adequate rest, hydration, and nutrition is provided to all unit personnel. • Recognize any special medical needs of all unit personnel. 	I	#1 JCM	10/12/16

Competency 2: Mobilization

Task	Code	Evaluator # and Initials	Date
4. Obtain complete information from the public safety communications center(s) serving the area and incident upon initial activation, including: <ul style="list-style-type: none"> • Incident name and, as appropriate, an order, request, or other unique number identifying the incident for tracking purposes. • Reporting location. • Reporting time. • Transportation arrangements/travel routes. • Contact procedures during travel (telephone/radio). 	I	#1 JCM	10/12/16

Code: O = Can be completed in any situation (Simulation, Classroom, Daily Job)

Code: I = Must be performed on an Incident, Planned Event*, or an FE/FSE* (*Must be pre-approved by the Statewide Interoperability Coordinator (SWIC))

Task	Code	Evaluator # and Initials	Date
5. Gather information to assess the incident assignment. This is an ongoing task throughout all phases of the incident. Include assigned resources in a draft Incident Radio Communications Plan (ICS Form 205). Examples of important information include: <ul style="list-style-type: none"> • Frequencies and/or talkgroups already assigned. • Other mutual aid channels or equipment already in use. • Gateway or other interoperability devices already in use. • Other current incidents or events that may create conflicts communications plans or tax resources. 	I	#1 JCC	10/12/16
6. Contact Local Communications Coordinator or Communications Duty Officer (CDO) at NIFC or any local or state resources as necessary to determine frequencies and equipment assigned to the incident. If appropriate for this incident.	I	#1 JCC	10/12/16
7. Arrive at incident and check in. Arrive properly equipped at the assigned incident location within acceptable time limits.	I	#1 JCC	10/12/16
8. Obtain briefing from supervisor. Examples of briefing items are: <ul style="list-style-type: none"> • Work space. • Work schedule. • Policies and operating procedures. • Current resource commitments and expectations. • Current situation. • Expected duration of assignment. • Special needs. This list is not all inclusive; COML is responsible for asking adequate questions.	I	#1 JCC	10/12/16
9. Receive Incident Action Plan (IAP) or Incident Briefing Form (ICS Form 201), if developed. Determine support needs to meet the IAP.	I	#1 JCC	10/12/16

Code: O = Can be completed in any situation (Simulation, Classroom, Daily Job)

Code: I = Must be performed on an Incident, Planned Event*, or an FE/FSE* (*Must be pre-approved by the Statewide Interoperability Coordinator (SWIC))

Task	Code	Evaluator # and Initials	Date
10. Determine requirements for communications to be established and place the initial order. Using information obtained from IAP, section briefings, and agency briefings; immediately order (using proper procedures) supplies, materials, and equipment necessary to support projected incident size.	I	#1 JAC	10/12/16
11. Evaluate needs and order supplies, materials, and personnel to keep unit operating. <ul style="list-style-type: none"> Order materials and supplies using procedures established by the section chief. Maintain quantities of supplies and materials at a level to prevent shortage of any basic needed items. Ensure adequate personnel to support the communications unit, technicians, radio operators, etc. Coordinate with the participating agencies for any or additional interoperability resources that may be needed. Assess current tactical communications equipment needs such as power sources for extended operations. 	I	#1 JAC	10/12/16
12. Organize and supervise unit. <ul style="list-style-type: none"> Brief and keep subordinates informed and updated. Establish unit time frames and schedules. Assign and monitor work assignments. Review and approve time. Develop team work. Provide counseling and discipline as needed. Follow established procedures for reporting inappropriate actions involving contractors, military, or other personnel. Brief relief personnel. 	I	#1 JAC	10/12/16

Code: O = Can be completed in any situation (Simulation, Classroom, Daily Job)

Code: I = Must be performed on an Incident, Planned Event*, or an FE/FSE* (*Must be pre-approved by the Statewide Interoperability Coordinator (SWIC))

Task	Code	Evaluator # and Initials	Date
13. Participate in incident planning meetings as the technical expert for communications needs. <ul style="list-style-type: none"> Determine the feasibility of providing the required communications support. Provide operational and technical information on communications equipment available for the incident. Provide operational and technical information on communications equipment and systems capabilities and restrictions. Coordinate with other Communications Unit Leaders under any Area Command established to share information and assure communications interoperability. 	I	#1 JCM	10/12/16
14. Design communications systems to meet incident operational needs. <ul style="list-style-type: none"> Determine additional resource needs and order necessary equipment and personnel. Prepare Incident Radio Communications Plan, ICS Form 205. Request any additional communications vendor services (e.g., telephone, SATCOM, microwave) and identify costs associated with equipment. Coordinate, through the chain of command, the locations for equipment to be installed (e.g., repeaters, satellite telephones, telephone lines, etc.). Provide communications support for external and internal data operations. Order frequencies following the proper procedures. Create diagrams of current communication system(s). Determine optimal locations for any future expansion of communications equipment using topographical maps to evaluate elevation and separation needs. 	I	#1 JCM	10/12/16

Code: O = Can be completed in any situation (Simulation, Classroom, Daily Job)

Code: I = Must be performed on an Incident, Planned Event*, or an FE/FSE* (*Must be pre-approved by the Statewide Interoperability Coordinator (SWIC))

Task	Code	Evaluator # and Initials	Date
15. Install communications equipment. <ul style="list-style-type: none"> Obtain equipment from supply unit, if one exists and/or from authorized sources. Provide for the installation of and test all components of the communications equipment to ensure the incident's systems are operational, for example: <ul style="list-style-type: none"> Command repeater. Logistics repeater. Links (radio and wire-based). Remotes. Gateways. Aircraft and other special needs. Develop installation priorities, while adhering to safety standards regarding communications needs of tactical personnel (i.e., operations before logistics.). Clone or program radios as necessary and authorized. 	I	#1 JCC	10/12/16
16. Assign communications equipment. <ul style="list-style-type: none"> Identify kinds and numbers of communications equipment to be distributed to specific units according to the communications plan. Provide resources and unit leaders with appropriate equipment based on the communications plan. Provide basic training as needed on equipment being fielded. Maintain equipment inventory to provide accountability 	I	#1 JCC	10/12/16
17. Establish Incident Communications Center (ICC). <ul style="list-style-type: none"> Coordinate location of ICC with Facilities Unit Leader. Locate ICC close to the incident command post and away from high traffic areas and noise. Locate ICC away from radio frequency and electronic noise. Verify Estimated Time of Arrival (ETA) of communications personnel and establish assignments based on incident requirements. Set schedules around operations requirements. Obtain necessary supplies for ICC to function properly. 	I	#1 JCC	10/12/16

Code: O = Can be completed in any situation (Simulation, Classroom, Daily Job)

Code: I = Must be performed on an Incident, Planned Event*, or an FE/FSE* (*Must be pre-approved by the Statewide Interoperability Coordinator (SWIC))

Task	Code	Evaluator # and Initials	Date
18. Manage operations of the ICC. <ul style="list-style-type: none"> Document radio/telephone activities on appropriate forms. Set up filing system for ICC documentation. Direct radio/telephone traffic to proper destinations. Establish notification procedures for emergency messages. Identify system problems, both technical and operational, and determine appropriate solutions. Follow established routing procedures for messages. 	I	#1 JCM	10/12/16
19. Coordinate frequencies, activities, and resources with communications resource coordinators outside of the incident. <ul style="list-style-type: none"> Contact communications coordinators and notify them of incident frequency, talkgroup, mutual aid channel, dispatch center, or other shared resource assignments, as appropriate. Identify communications equipment and personnel that are excess to incident needs and demobilize if appropriate. Identify resources as to type/qualifications, quantity, and location. Provide a copy of the ICS Form 205 to other agencies or to the COML at any nearby incidents as necessary to avoid interference or other conflicts. 	I	#1 JCM	10/12/16
20. Notify appropriate local, county, regional, State and/or Federal agencies on adjacent incident(s) of system design and frequency allocations.	I	#1 JCM	10/12/16
21. Initiate and maintain accurate records of all communications equipment <ul style="list-style-type: none"> Initiate and maintain accountability system for issuing hand-held radio resources Document geographic locations of equipment and transfer this information to local maps (latitude/longitude, legal). Keep records for local and national resources to ensure return to proper locations. 	I	#1 JCM	10/12/16

Code: O = Can be completed in any situation (Simulation, Classroom, Daily Job)

Code: I = Must be performed on an Incident, Planned Event*, or an FE/FSE* (*Must be pre-approved by the Statewide Interoperability Coordinator (SWIC))

Task	Code	Evaluator # and Initials	Date
22. Perform operational tests of communications systems throughout the duration of the incident. <ul style="list-style-type: none"> Identify and take necessary action to accomplish minor field repair or place orders for replacement of equipment. Monitor all gateways in use. Plan for battery replacement. Act decisively to minimize interruptions in system operation. 	I	#1 JCM	10/12/16
23. Interact and coordinate with appropriate unit leaders and operations personnel. <ul style="list-style-type: none"> Coordinate with operations regarding system coverage and needs. Coordinate with first responders and public safety support organizations regarding needed support (e.g., medical unit for medical evacuation plan). Coordinate with special units (air operations, EOD, SWAT, etc.) for special frequency needs. Participate in planning meetings and briefings. Know what other resources may be coming to the incident, such as those from Urban Search and Rescue (USAR), National Interagency Fire Center (NIFC), FEMA, Coast Guard, etc.	I	#1 JCM	10/12/16
24. Identify for release any excess unit resources. Coordinate with unit managers and provide a list of excess personnel and facilities. List will include: <ul style="list-style-type: none"> Who or what is excess. Time and date of excess. The list will be reviewed daily for accuracy. Follow the established demobilization process, including notification to communications resource coordinators. 	I	#1 JCM	10/12/16
25. Maintain ICS Unit Log. Unit Log will be kept current, legible, and will document all major activities, which may include: <ul style="list-style-type: none"> Equipment locations. Medical evacuations. Personnel changes. 	I	#1 JCM	10/12/16

Code: O = Can be completed in any situation (Simulation, Classroom, Daily Job)

Code: I = Must be performed on an Incident, Planned Event*, or an FE/FSE* (*Must be pre-approved by the Statewide Interoperability Coordinator (SWIC))

Task	Code	Evaluator # and Initials	Date
26. Evaluate performance of subordinates as required by agency policy and/or permitted by agreement. <ul style="list-style-type: none"> Discuss performance evaluations with individual(s). Maintain accuracy and fairness. List training if needed or desired. 	I	#1 JCM	10/12/16

Competency 3: Demobilization

Task	Code	Evaluator# Initials	Date
27. Demobilization and check out. <ul style="list-style-type: none"> Submit all required information to the Documentation Unit Leader. Receive demobilization instructions from work supervisor. Brief subordinate staff on demobilization procedures and responsibilities. Ensure that incident and agency demobilization procedures are followed. Complete required ICS form(s) and turn in to the appropriate person. Ensure that personnel in the unit are demobilized correctly. Document lost equipment on agency specific forms. 	I	#1 JCM	10/12/16

Code: O = Can be completed in any situation (Simulation, Classroom, Daily Job)

Code: I = Must be performed on an Incident, Planned Event*, or an FE/FSE* (*Must be pre-approved by the Statewide Interoperability Coordinator (SWIC))

All-Hazard Communication Unit Leader**INSTRUCTIONS FOR COMPLETING THE RECORD OF EVALUATION**

There are four separate pages allowing evaluations to be made. These evaluations may be made on incidents (may include planned events and full scale exercises), simulation in classroom, or in daily duties, depending on what the position task book indicates. This should be sufficient for qualification in the position if the individual is adequately prepared. If additional blocks are needed, a page can be copied from a blank task book and attached. (Remember to change the Evaluation Record # to the next sequential number.)

COMPLETE THESE ITEMS AT THE END OF THE EVALUATION PERIOD:

Trainee's name and Trainee's position: Self Explanatory

Evaluator's name, title and agency: List the name of the evaluator, and his/her incident position (on incidents) or office title, and agency.

Evaluator's agency address, e-mail address and phone: Self explanatory

Evaluation Record #: The number prepopulated in the upper left corner of the evaluation page identifies a particular experience or group of experiences. This number should be placed in the column labeled "Evaluation Record #" on the Qualification Record for each task performed satisfactorily during the evaluation opportunity.

Name and Location of Incident or Situation: Identify the name of the incident (if there is one) and the location where the tasks were performed. If evaluation occurs during a short term situation rather than a named incident, list the responding agency and area.

Incident Kind: Enter kind of incident, e.g., hurricane, wild land fire, search and rescue, flood, preplanned event, full scale exercise, etc.

COMPLETE THESE ITEMS AT THE END OF THE EVALUATION PERIOD:

Number and Kind of Resources: Enter how many resources of each kind assigned to the incident pertinent to the trainee's task book position. (e.g. 2 mobile communications vehicles)

Duration: Enter inclusive dates during which the trainee was evaluated. If evaluation occurs during a short term situation, enter date and start and end time of evaluation. (e.g. 11/1/14 to 11/4/14)

Management Level or Complexity Level: Indicates ICS organization level, i.e., Type 5, Type 4, Type 3, Type 2, Type 1, Area Command.

Recommendation: Check as appropriate and/or make comments regarding the future needs for development of this trainee.

Date: List the date the record is being completed.

Evaluator's initials: Evaluator initials here to authenticate their recommendations and to allow for comparison with initials in the Qualifications Record.

Evaluator's relevant rating: Evaluator lists their certification relevant to the trainee position they supervised.

This page intentionally left blank.

RECORD OF EVALUATION

Jacob Creek

TRAINEE NAME

TRAINEE POSITION

Evaluation Record #1	Evaluator's name: <u>Jason Matthias</u>	Evaluator's Title: <u>Lead ECS</u>	Evaluator's Agency: <u>St Louis County MN 911</u>	
Evaluator's agency address: <u>2030 N Arlington Ave Duluth MN 55801</u>				
Evaluator's e-mail: <u>matthiasj@stlouiscountymn.gov</u>			Phone: <u>218 340 2940</u>	
Name and Location of Incident or Situation (agency & area)	Incident Kind (hazmat, tornado, flood, structural fire, wildfire, search & rescue, etc.)	Number & Kind of Resources Pertinent to Trainee's Position	Duration (inclusive dates in trainee status)	Management Level or Complexity Level
<u>Train Derailment Commex Grand Rapids MN</u>	<u>COMMEX -Train Derailment</u>	<u>Mobile Command Vehicle Portable Radios</u>	<u>10/12/16 0700-1700</u>	<u>Level 3</u>
<p>The tasks initiated & dated by me have been performed under my supervision in a satisfactory manner by the above named Trainee. I recommend the following for further development of this Trainee:</p> <p><input checked="" type="checkbox"/> The individual has successfully performed all tasks for the position and should be considered for certification.</p> <p><input type="checkbox"/> The individual was not able to complete certain tasks (comments below) or additional guidance is required.</p> <p><input type="checkbox"/> Not all tasks were evaluated on this assignment and an additional assignment is needed to complete the evaluation.</p> <p><input type="checkbox"/> The individual is severely deficient in the performance of tasks for the position and needs further training (both required & knowledge and skills needed) prior to additional assignment(s) as a Trainee.</p> <p>Comments: <u>Continue to work on 205 plans / Management of personnel skills. Very good work.</u></p>				
<p>Date: <u>10/12/16</u> Evaluator's initials: <u>JMT</u></p> <p>Evaluator's relevant agency certification or rating: <u>COML</u></p>

ICS Form 225 INCIDENT PERSONNEL PERFORMANCE RATING

THIS RATING IS TO BE USED ONLY FOR DETERMINING AN INDIVIDUAL'S PERFORMANCE ON AN INCIDENT/EVENT

1. Name: <u>LYNN MITCHELL</u>		2. Incident Name: <u>TRAIN</u>		3. Incident Number: <u>2016 1699</u>		
4. Home Unit Name and Address: <u>AMATEUR RADIO</u>			5. Incident Agency and Address: <u>TRAIN DEPARTMENT BOX 1007 AU SE</u>			
6. Position Held on Incident: <u>RADIO</u>		7. Date(s) of Assignment: From: <u>10/12/16</u> To: <u>10/13/16</u>		8. Incident Complexity Level: <input type="checkbox"/> 1 <input type="checkbox"/> 2 <input checked="" type="checkbox"/> 3 <input type="checkbox"/> 4 <input type="checkbox"/> 5		
9. Incident Definition: <u>TRAIN DEPARTMENT REC.</u>						
10. Evaluation						
Rating Factors	N/A	1 - Unacceptable	2	3 - Met Standards	4	
					5 - Exceeded Expectations	
11. Knowledge of the Job/ Professional Competence: Ability to acquire, apply, and share technical and administrative knowledge and skills associated with description of duties. (Includes operational aspects such as marine safety, seamanship, airmanship, SAR, etc., as appropriate.)	<input type="checkbox"/>	Questionable competence and credibility. Operational or specialty expertise inadequate or lacking in key areas. Made little effort to grow professionally. Used knowledge as power against others or bluffed rather than acknowledging ignorance. Effectiveness reduced due to limited knowledge of own organizational role and customer needs.	<input type="checkbox"/>	Competent and credible authority on specialty or operational issues. Acquired and applied excellent operational or specialty expertise for assigned duties. Showed professional growth through education, training, and professional reading. Shared knowledge and information with others clearly and simply. Understood own organizational role and customer needs.	<input checked="" type="checkbox"/>	Superior expertise; advice and actions showed great breadth and depth of knowledge. Remarkable grasp of complex issues, concepts, and situations. Rapidly developed professional growth beyond expectations. Vigorously conveyed knowledge, directly resulting in increased workplace productivity. Insightful knowledge of own role, customer needs, and value of work.
12. Ability To Obtain Performance/Results: Quality, quantity, timeliness, and impact of work.	<input type="checkbox"/>	Routine tasks accomplished with difficulty. Results often late or of poor quality. Work had a negative impact on department or unit. Maintained the status quo despite opportunities to improve.	<input type="checkbox"/>	Got the job done in all routine situations and in many unusual ones. Work was timely and of high quality; required same of subordinates. Results had a positive impact on IMT. Continuously improved services and organizational effectiveness.	<input checked="" type="checkbox"/>	Maintained optimal balance among quality, quantity, and timeliness of work. Quality of own and subordinates' work surpassed expectations. Results had a significant positive impact on the IMT. Established clearly effective systems of continuous improvement.
13. Planning/ Preparedness: Ability to anticipate, determine goals, identify relevant information, set priorities and deadlines, and create a shared vision of the Incident Management Team (IMT).	<input type="checkbox"/>	Got caught by the unexpected; appeared to be controlled by events. Set vague or unrealistic goals. Used unreasonable criteria to set priorities and deadlines. Rarely had plan of action. Failed to focus on relevant information.	<input type="checkbox"/>	Consistently prepared. Set high but realistic goals. Used sound criteria to set priorities and deadlines. Used quality tools and processes to develop action plans. Identified key information. Kept supervisors and stakeholders informed.	<input checked="" type="checkbox"/>	Exceptional preparation. Always looked beyond immediate events or problems. Skillfully balanced competing demands. Developed strategies with contingency plans. Assessed all aspects of problems, including underlying issues and impact.
14. Using Resources: Ability to manage time, materials, information, money, and people (i.e., all IMT components as well as external publics).	<input type="checkbox"/>	Concentrated on unproductive activities or often overlooked critical demands. Failed to use people productively. Did not follow up. Mismanaged information, money, or time. Used ineffective tools or left subordinates without means to accomplish tasks. Employed wasteful methods.	<input type="checkbox"/>	Effectively managed a variety of activities with available resources. Delegated, empowered, and followed up. Skilled time manager, budgeted own and subordinates' time productively. Ensured subordinates had adequate tools, materials, time, and direction. Cost conscious, sought ways to cut waste.	<input checked="" type="checkbox"/>	Unusually skilled at bringing scarce resources to bear on the most critical of competing demands. Optimized productivity through effective delegation, empowerment, and follow-up control. Found ways to systematically reduce cost, eliminate waste, and improve efficiency.
15. Adaptability/Attitude: Ability to maintain a positive attitude and modify work methods and priorities in response to new information, changing conditions, political realities, or unexpected obstacles.	<input type="checkbox"/>	Unable to gauge effectiveness of work, recognize political realities, or make adjustments when needed. Maintained a poor outlook. Overlooked or screened out new information. Ineffective in ambiguous, complex, or pressured situations.	<input checked="" type="checkbox"/>	Receptive to change, new information, and technology. Effectively used benchmarks to improve performance and service. Monitored progress and changed course as required. Maintained a positive approach. Effectively dealt with pressure and ambiguity. Facilitated smooth transitions. Adjusted direction to accommodate political realities.	<input type="checkbox"/>	Rapidly assessed and confidently adjusted to changing conditions, political realities, new information, and technology. Very skilled at using and responding to measurement indicators. Championed organizational improvements. Effectively dealt with extremely complex situations. Turned pressure and ambiguity into constructive forces for change.
16. Communication Skills: Ability to speak effectively and listen to understand. Ability to express facts and ideas clearly and convincingly.	<input type="checkbox"/>	Unable to effectively articulate ideas and facts; lacked preparation, confidence, or logic. Used inappropriate language or rambled. Nervous or distracting mannerisms detracted from message. Failed to listen carefully or was too argumentative. Written material frequently unclear, verbose, or poorly organized. Seldom proofread.	<input type="checkbox"/>	Effectively expressed ideas and facts in individual and group situations; nonverbal actions consistent with spoken message. Communicated to people at all levels to ensure understanding. Listened carefully for intended message as well as spoken words. Written material clear, concise, and logically organized. Proofread conscientiously.	<input checked="" type="checkbox"/>	Clearly articulated and promoted ideas before a wide range of audiences; accomplished speaker in both formal and extemporaneous situations. Adept at presenting complex or sensitive issues. Active listener; remarkable ability to listen with open mind and identify key issues. Clearly and persuasively expressed complex or controversial material, directly contributing to stated objectives.

INCIDENT PERSONNEL PERFORMANCE RATING (ICS 225)

Name: LYNN M. HALL

2. Incident Name: TRAIN

3. Incident Number: 20101699

10. Evaluation

Rating Factors	N/A	1 - Unacceptable	2	3 - Met Standards	4	5 - Exceeded Expectations
17. Ability To Work on a Team: Ability to manage, lead and participate in teams, encourage cooperation, and develop esprit de corps.	<input type="checkbox"/>	Used teams ineffectively or at wrong times. Conflicts mismanaged or often left unresolved, resulting in decreased team effectiveness. Excluded team members from vital information. Stifled group discussions or did not contribute productively. Inhibited cross functional cooperation to the detriment of unit or service goals. <div style="text-align: center;"><input type="checkbox"/></div>	<input type="checkbox"/>	Skillfully used teams to increase unit effectiveness, quality, and service. Resolved or managed group conflict, enhanced cooperation, and involved team members in decision process. Valued team participation. Effectively negotiated work across functional boundaries to enhance support of broader mutual goals. <div style="text-align: center;"><input checked="" type="checkbox"/></div>	<input type="checkbox"/>	Insightful use of teams raised unit productivity beyond expectations. Inspired high level of esprit de corps, even in difficult situations. Major contributor to team effort. Established relationships and networks across a broad range of people and groups, raising accomplishments of mutual goals to a remarkable level. <div style="text-align: center;"><input type="checkbox"/></div>
18. Consideration for Personnel/Team Welfare: Ability to consider and respond to others' personal needs, capabilities, and achievements; support for and application of worklife concepts and skills.	<input type="checkbox"/>	Seldom recognized or responded to needs of people; left outside resources untapped despite apparent need. Ignorance of individuals' capabilities increased chance of failure. Seldom recognized or rewarded deserving subordinates or other IMT members. <div style="text-align: center;"><input type="checkbox"/></div>	<input type="checkbox"/>	Cared for people. Recognized and responded to their needs; referred to outside resources as appropriate. Considered individuals' capabilities to maximize opportunities for success. Consistently recognized and rewarded deserving subordinates or other IMT members. <div style="text-align: center;"><input checked="" type="checkbox"/></div>	<input type="checkbox"/>	Always accessible. Enhanced overall quality of life. Actively contributed to achieving balance among IMT requirements and professional and personal responsibilities. Strong advocate for subordinates; ensured appropriate and timely recognition, both formal and informal. <div style="text-align: center;"><input type="checkbox"/></div>
19. Directing Others: Ability to influence or direct others in accomplishing tasks or missions.	<input checked="" type="checkbox"/>	Showed difficulty in directing or influencing others. Low or unclear work standards reduced productivity. Failed to hold subordinates accountable for shoddy work or irresponsible actions. Unwilling to delegate authority to increase efficiency of task accomplishment. <div style="text-align: center;"><input type="checkbox"/></div>	<input type="checkbox"/>	A leader who earned others' support and commitment. Set high work standards; clearly articulated job requirements, expectations, and measurement criteria; held subordinates accountable. When appropriate, delegated authority to those directly responsible for the task. <div style="text-align: center;"><input type="checkbox"/></div>	<input type="checkbox"/>	An inspirational leader who motivated others to achieve results not normally attainable. Won people over rather than imposing will. Clearly articulated vision; empowered subordinates to set goals and objectives to accomplish tasks. Modified leadership style to best meet challenging situations. <div style="text-align: center;"><input type="checkbox"/></div>
20. Judgment/Decisions Under Stress: Ability to make sound decisions and provide valid recommendations by using facts, experience, political acumen, common sense, risk assessment, and analytical thought.	<input type="checkbox"/>	Decisions often displayed poor analysis. Failed to make necessary decisions, or jumped to conclusions without considering facts, alternatives, and impact. Did not effectively weigh risk, cost, and time considerations. Unconcerned with political drivers on organization. <div style="text-align: center;"><input type="checkbox"/></div>	<input type="checkbox"/>	Demonstrated analytical thought and common sense in making decisions. Used facts, data, and experience, and considered the impact of alternatives and political realities. Weighed risk, cost, and time considerations. Made sound decisions promptly with the best available information. <div style="text-align: center;"><input checked="" type="checkbox"/></div>	<input type="checkbox"/>	Combined keen analytical thought, an understanding of political processes, and insight to make appropriate decisions. Focused on the key issues and the most relevant information. Did the right thing at the right time. Actions indicated awareness of impact of decisions on others. Not afraid to take reasonable risks to achieve positive results. <div style="text-align: center;"><input type="checkbox"/></div>
21. Initiative Ability to originate and act on new ideas, pursue opportunities to learn and develop, and seek responsibility without guidance and supervision.	<input type="checkbox"/>	Postponed needed action. Implemented or supported improvements only when directed to do so. Showed little interest in career development. Feasible improvements in methods, services, or products went unexplored. <div style="text-align: center;"><input type="checkbox"/></div>	<input type="checkbox"/>	Championed improvement through new ideas, methods, and practices. Anticipated problems and took prompt action to avoid or resolve them. Pursued productivity gains and enhanced mission performance by applying new ideas and methods. <div style="text-align: center;"><input checked="" type="checkbox"/></div>	<input type="checkbox"/>	Aggressively sought out additional responsibility. A self-learner. Made worthwhile ideas and practices work when others might have given up. Extremely innovative. Optimized use of new ideas and methods to improve work processes and decisionmaking. <div style="text-align: center;"><input type="checkbox"/></div>
22. Physical Ability for the Job: Ability to invest in the IMT's future by caring for the physical health and emotional well-being of self and others.	<input type="checkbox"/>	Failed to meet minimum standards of sobriety. Tolerated or condoned others' alcohol abuse. Seldom considered subordinates' health and well-being. Unwilling or unable to recognize and manage stress despite apparent need. <div style="text-align: center;"><input type="checkbox"/></div>	<input type="checkbox"/>	Committed to health and well-being of self and subordinates. Enhanced personal performance through activities supporting physical and emotional well-being. Recognized and managed stress effectively. <div style="text-align: center;"><input checked="" type="checkbox"/></div>	<input type="checkbox"/>	Remarkable vitality, enthusiasm, alertness, and energy. Consistently contributed at high levels of activity. Optimized personal performance through involvement in activities that supported physical and emotional well-being. Monitored and helped others deal with stress and enhance health and well-being. <div style="text-align: center;"><input type="checkbox"/></div>
23. Adherence to Safety: Ability to invest in the IMT's future by caring for the safety of self and others.	<input type="checkbox"/>	Failed to adequately identify and protect personnel from safety hazards. <div style="text-align: center;"><input type="checkbox"/></div>	<input type="checkbox"/>	Ensured that safe operating procedures were followed. <div style="text-align: center;"><input checked="" type="checkbox"/></div>	<input type="checkbox"/>	Demonstrated a significant commitment toward safety of personnel. <div style="text-align: center;"><input type="checkbox"/></div>

ALL-HAZARDS COMMUNICATIONS UNIT LEADER (COML)

Position Task Book

Task Book Assigned To:

Trainee's Name: ROBERT BEEM
Home Unit/Agency: HENNEPIN COUNTY SHERIFFS OFFICE
Home Unit Phone Number: 612-536-1957

Task Book Initiated By:

Official's Name: _____
Home Unit Title: _____
Home Unit/Agency: _____
Home Unit Phone Number: _____
Home Unit Address: _____
Date Initiated: _____

Version 2.1
November 2014

**VERIFICATION / CERTIFICATION OF COMPLETED TASK BOOK FOR THE
POSITION OF ALL- HAZARDS COMMUNICATIONS UNIT LEADER (COML)****FINAL EVALUATOR'S VERIFICATION**

I verify that all tasks have been performed and are documented with appropriate initials.

I also verify that

ROBERT BEEM

has performed as a trainee and should therefore be considered for certification in this position.

HISTORICAL RECOGNITION

Historical recognition is a process that provides a means by which incident management personnel who have either:

- Documentation of previous ICS training, education, and experience in an ICS position(s); or
- Documentation of previous extensive on-the-job incident response experience, may receive credit for that previous experience, training, or qualification(s) and be considered as meeting the minimum requirements of this guide in the categories of:
 - Education;
 - Training; and
 - Experience,

for an ICS position(s) until they have successfully completed the actual minimum requirements for that position. Historical Recognition does not apply to the categories of Physical/Medical Fitness, Currency, or certification. The minimum requirements within those categories must be met regardless of any historical recognition process.

HISTORICAL RECOGNITION PROCESS

If an Authority Having Jurisdiction (AHJ) does not form a Qualifications Committee to assist with the management of the overall qualifications process, AHJ's should give strong consideration to at least forming a committee for the purposes of reviewing and processing applications for Historical Recognition. Because of the time commitment involved and the potential for perceptions of favoritism and unequal treatment during the process, other ICS qualifications processes currently used by Federal and State agencies that included a historical recognition provision used review committees to accomplish that process.

The AHJ should develop a process to provide for the following:

- Developing a method to provide for historical recognition when there is sufficient documentation available to substantiate the experience;
- Developing a standardized method for any individual to submit documentation of the experience and training for review by the AHJ or the appropriate review committee established by the AHJ;
- Developing a method to determine if the previous experience or training is appropriate for the position, keeping in mind the required criteria for the position and the competencies necessary for safe and successful performance;
- Providing for Historical Recognition only when the individual has most recently performed the position within the last five years;
- Requiring the individual meet all minimum requirements in this guide for a position if the individual seeks an ICS position other than the position they were historically recognized for;
- Encouraging all individuals who are historically recognized into a position to complete the minimum requirements for the positions within five years of being historically recognized.

INCIDENT MANAGEMENT SYSTEM POSITION TASK BOOK

Position Task Books (PTB) were developed for designated positions as described under the National Interagency Incident Management System (NIIMS) and have been incorporated into the National Incident Management System (NIMS). The position task book is used by the authority having jurisdiction to certify that the person to whom the task book belongs meets the standards recommended by the National (NIMS) Integration Center (NIC).

Each PTB lists the performance requirements (tasks) for the specific position in a format that allows a trainee to be evaluated against written guidelines. Successful performance of all tasks, as observed and recorded by an evaluator, will result in a recommendation that the trainee be certified in that position.

Evaluation and confirmation of the individual's performance of all the tasks may involve more than one evaluator and can occur on incidents, in classroom simulation, and in other work situations. Designated PTBs require position performance during which the majority of required tasks are demonstrated on a single incident. It is important that performance be critically evaluated and accurately recorded by each evaluator. All tasks must be evaluated. All bullet statements within a task that require an action (contain an action verb) must be demonstrated before that task can be signed off.

A brief list of responsibilities also appears below.

RESPONSIBILITIES:

1. The **Agency Management** is responsible for:
 - Selecting trainees based on the needs of their organization or area Incident Management Teams.
 - Providing opportunities for evaluation and/or making the trainee available for evaluation.
2. The **Individual** is responsible for:
 - Reviewing and understanding instructions in the PTB.
 - Identifying desired objectives/goals.
 - Providing background information to an evaluator.
 - Satisfactorily demonstrating completion of all tasks for an assigned position within three years.
 - Assuring the evaluation record is complete.
 - Notifying the local agency head when the PTB is completed, and obtaining their signature recommending certification.
 - Keeping the original PTB in personal records.
3. The **Evaluator** is responsible for:
 - Being qualified and proficient in the position being evaluated.
 - Meeting with the trainee and determining past experience, current qualifications, and desired objectives/goals.
 - Reviewing tasks with the trainee.
 - Explaining to the trainee the evaluation procedures that will be utilized and which

objectives may be attained.

- Identifying tasks to be performed during the evaluation period.
 - Accurately evaluating and recording demonstrated performance of tasks. Dating and initialing completion of the task shall document satisfactory performance. Unsatisfactory performance shall be documented in the Record of Evaluation.
 - Completing the Record of Evaluation found at the end of each PTB.
4. The **Final Evaluator** is responsible for signing the verification statement inside the front cover of the PTB when all tasks have been initialed.
5. The **Agency Head** or designee is responsible for:
- Issuing the PTB to document task performance.
 - Explaining to the trainee the purpose and processes of the PTB, as well as the trainee's responsibilities.
 - Tracking progress of the trainee.
 - Identifying incident evaluation opportunities.
 - Identifying and assigning an evaluator that can provide a positive experience for the trainee, and make an accurate and honest appraisal of the trainee's performance.
 - Documenting the assignment.
 - Conducting progress reviews.
 - Conducting a closeout interview with the trainee and evaluator and assuring that documentation is proper and complete.

Competency 1: General

Task	Code	Evaluator # and Initials	Date
<p>1. Obtain and assemble information and materials needed for a response kit prior to receiving an assignment, including critical items needed for the assignment and items needed for functioning during the first 48 hours. The following items are suggested as basic information and materials kept in a go bag:</p> <p>Reference Materials</p> <ul style="list-style-type: none"> • Appropriate ICS forms and logs. • Current Tactical Interoperable Communications Plan (TICP) and Statewide Communications Interoperability Plan (SCIP), if available. • Inventories or other lists of local and regional communications response equipment. • Preplanned local system coverage maps. • Contact, capability, and availability information for local and regional Communications Technicians and Specialists. • Field Operation Guide (NIFOG). • COML Mobilization Guide (specific to locality). <p>Supplies</p> <ul style="list-style-type: none"> • Pads of paper, pencils, pens, and tape. • Portable radio(s) as appropriate for the region. • Personal items (including medicine and cash), food and beverage to be self-sustained for 48 hours or more. • Radio programming equipment (cloning cable or computer), adapters, and suitable tools. • GPS. • First-aid kit. • 24-hour clock. • Multi-purpose knife. 	O	#2 - <i>AB</i>	2/17/17

Code: O = Can be completed in any situation (Simulation, Classroom, Daily Job)

Code: I = Must be performed on an Incident, Planned Event*, or an FE/FSE* (*Must be pre-approved by the Statewide Interoperability Coordinator (SWIC))

Task	Code	Evaluator # and Initials	Date
2. Establish and maintain positive interpersonal and interagency working relationships. <ul style="list-style-type: none"> • Through briefings, discuss EEO, civil rights, sexual discrimination, and other sensitive issues, with assigned personnel. • Create a work environment that provides diversity and equal opportunity for all personnel assigned to the incident. • Provide equal assignment opportunities based on individual skill level. • Monitor and evaluate progress based on expected work standards. 	O	#1 KAR	10/26/16
3. Provide for the safety and welfare of assigned personnel during the entire period of supervision. <ul style="list-style-type: none"> • Recognize potentially hazardous situations. • Inform subordinates of hazards. • Provide safety and identifying equipment, such as vests identifying the communication's function, flashlights, and glow sticks. • Ensure that special precautions are taken when extraordinary hazards exist. • Ensure adequate rest, hydration, and nutrition is provided to all unit personnel. • Recognize any special medical needs of all unit personnel. 	I	#1 KAR	10/26/16

Competency 2: Mobilization

Task	Code	Evaluator # and Initials	Date
4. Obtain complete information from the public safety communications center(s) serving the area and incident upon initial activation, including: <ul style="list-style-type: none"> • Incident name and, as appropriate, an order, request, or other unique number identifying the incident for tracking purposes. • Reporting location. • Reporting time. • Transportation arrangements/travel routes. • Contact procedures during travel (telephone/radio). 	I	#1 KAR	10/26/16

Code: O = Can be completed in any situation (Simulation, Classroom, Daily Job)

Code: I = Must be performed on an Incident, Planned Event*, or an FE/FSE* (*Must be pre-approved by the Statewide Interoperability Coordinator (SWIC))

Task	Code	Evaluator # and Initials	Date
5. Gather information to assess the incident assignment. This is an ongoing task throughout all phases of the incident. Include assigned resources in a draft Incident Radio Communications Plan (ICS Form 205). Examples of important information include: <ul style="list-style-type: none"> • Frequencies and/or talkgroups already assigned. • Other mutual aid channels or equipment already in use. • Gateway or other interoperability devices already in use. • Other current incidents or events that may create conflicts communications plans or tax resources. 	I	#1 KAR	10/26/16
6. Contact Local Communications Coordinator or Communications Duty Officer (CDO) at NIFC or any local or state resources as necessary to determine frequencies and equipment assigned to the incident. If appropriate for this incident.	I	#1 KAR	10/26/16
7. Arrive at incident and check in. Arrive properly equipped at the assigned incident location within acceptable time limits.	I	#1 KAR	10/26/16
8. Obtain briefing from supervisor. Examples of briefing items are: <ul style="list-style-type: none"> • Work space. • Work schedule. • Policies and operating procedures. • Current resource commitments and expectations. • Current situation. • Expected duration of assignment. • Special needs. This list is not all inclusive; COML is responsible for asking adequate questions.	I	#1 KAR	10/26/16
9. Receive Incident Action Plan (IAP) or Incident Briefing Form (ICS Form 201), if developed. Determine support needs to meet the IAP.	I	#1 KAR	10/26/16
10. Determine requirements for communications to be established and place the initial order. Using information obtained from IAP, section briefings, and agency briefings; immediately order (using proper procedures) supplies, materials, and equipment necessary to support projected incident size.	I	#1 KAR	10/26/16

Code: O = Can be completed in any situation (Simulation, Classroom, Daily Job)

Code: I = Must be performed on an Incident, Planned Event*, or an FE/FSE* (*Must be pre-approved by the Statewide Interoperability Coordinator (SWIC))

Task	Code	Evaluator # and Initials	Date
11. Evaluate needs and order supplies, materials, and personnel to keep unit operating. <ul style="list-style-type: none"> Order materials and supplies using procedures established by the section chief. Maintain quantities of supplies and materials at a level to prevent shortage of any basic needed items. Ensure adequate personnel to support the communications unit, technicians, radio operators, etc. Coordinate with the participating agencies for any or additional interoperability resources that may be needed. Assess current tactical communications equipment needs such as power sources for extended operations. 	I	#1 KAR	10/26/16
12. Organize and supervise unit. <ul style="list-style-type: none"> Brief and keep subordinates informed and updated. Establish unit time frames and schedules. Assign and monitor work assignments. Review and approve time. Develop team work. Provide counseling and discipline as needed. Follow established procedures for reporting inappropriate actions involving contractors, military, or other personnel. Brief relief personnel. 	I	#1 KAR	10/26/16
13. Participate in incident planning meetings as the technical expert for communications needs. <ul style="list-style-type: none"> Determine the feasibility of providing the required communications support. Provide operational and technical information on communications equipment available for the incident. Provide operational and technical information on communications equipment and systems capabilities and restrictions. Coordinate with other Communications Unit Leaders under any Area Command established to share information and assure communications interoperability. 	I	#1 KAR	10/26/16

Code: O = Can be completed in any situation (Simulation, Classroom, Daily Job)

Code: I = Must be performed on an Incident, Planned Event*, or an FE/FSE* (*Must be pre-approved by the Statewide Interoperability Coordinator (SWIC))

Task	Code	Evaluator # and Initials	Date
<p>14. Design communications systems to meet incident operational needs.</p> <ul style="list-style-type: none"> Determine additional resource needs and order necessary equipment and personnel. Prepare Incident Radio Communications Plan, ICS Form 205. Request any additional communications vendor services (e.g., telephone, SATCOM, microwave) and identify costs associated with equipment. Coordinate, through the chain of command, the locations for equipment to be installed (e.g., repeaters, satellite telephones, telephone lines, etc.). Provide communications support for external and internal data operations. Order frequencies following the proper procedures. Create diagrams of current communication system(s). Determine optimal locations for any future expansion of communications equipment using topographical maps to evaluate elevation and separation needs. 	I	#1 KAR	10/26/16
<p>15. Install communications equipment.</p> <ul style="list-style-type: none"> Obtain equipment from supply unit, if one exists and/or from authorized sources. Provide for the installation of and test all components of the communications equipment to ensure the incident's systems are operational, for example: <ul style="list-style-type: none"> Command repeater. Logistics repeater. Links (radio and wire-based). Remotes. Gateways. Aircraft and other special needs. Develop installation priorities, while adhering to safety standards regarding communications needs of tactical personnel (i.e., operations before logistics.). Clone or program radios as necessary and authorized. 	I	#1 KAR	10/26/16

Code: O = Can be completed in any situation (Simulation, Classroom, Daily Job)

Code: I = Must be performed on an Incident, Planned Event*, or an FE/FSE* (*Must be pre-approved by the Statewide Interoperability Coordinator (SWIC))

Task	Code	Evaluator # and Initials	Date
16. Assign communications equipment. <ul style="list-style-type: none"> Identify kinds and numbers of communications equipment to be distributed to specific units according to the communications plan. Provide resources and unit leaders with appropriate equipment based on the communications plan. Provide basic training as needed on equipment being fielded. Maintain equipment inventory to provide accountability. 	I	#1 KAR	10/26/16
17. Establish Incident Communications Center (ICC). <ul style="list-style-type: none"> Coordinate location of ICC with Facilities Unit Leader. Locate ICC close to the incident command post and away from high traffic areas and noise. Locate ICC away from radio frequency and electronic noise. Verify Estimated Time of Arrival (ETA) of communications personnel and establish assignments based on incident requirements. Set schedules around operations requirements. Obtain necessary supplies for ICC to function properly. 	I	#1 KAR	10/26/16
18. Manage operations of the ICC. <ul style="list-style-type: none"> Document radio/telephone activities on appropriate forms. Set up filing system for ICC documentation. Direct radio/telephone traffic to proper destinations. Establish notification procedures for emergency messages. Identify system problems, both technical and operational, and determine appropriate solutions. Follow established routing procedures for messages. 	I	#1 KAR	10/26/16

Code: O = Can be completed in any situation (Simulation, Classroom, Daily Job)

Code: I = Must be performed on an Incident, Planned Event*, or an FE/FSE* (*Must be pre-approved by the Statewide Interoperability Coordinator (SWIC))

Task	Code	Evaluator # and Initials	Date
19. Coordinate frequencies, activities, and resources with communications resource coordinators outside of the incident. <ul style="list-style-type: none"> • Contact communications coordinators and notify them of incident frequency, talkgroup, mutual aid channel, dispatch center, or other shared resource assignments, as appropriate. • Identify communications equipment and personnel that are excess to incident needs and demobilize if appropriate. • Identify resources as to type/qualifications, quantity, and location. • Provide a copy of the ICS Form 205 to other agencies or to the COML at any nearby incidents as necessary to avoid interference or other conflicts. 	I	#1 KAR	10/26/16
20. Notify appropriate local, county, regional, State and/or Federal agencies on adjacent incident(s) of system design and frequency allocations.	I	#1 KAR	10/26/16
21. Initiate and maintain accurate records of all communications equipment <ul style="list-style-type: none"> • Initiate and maintain accountability system for issuing hand-held radio resources • Document geographic locations of equipment and transfer this information to local maps (latitude/longitude, legal). • Keep records for local and national resources to ensure return to proper locations. 	I	#1 KAR	10/26/16
22. Perform operational tests of communications systems throughout the duration of the incident. <ul style="list-style-type: none"> • Identify and take necessary action to accomplish minor field repair or place orders for replacement of equipment. • Monitor all gateways in use. • Plan for battery replacement. • Act decisively to minimize interruptions in system operation. 	I	#1 KAR	10/26/16

Code: O = Can be completed in any situation (Simulation, Classroom, Daily Job)

Code: I = Must be performed on an Incident, Planned Event*, or an FE/FSE* (*Must be pre-approved by the Statewide Interoperability Coordinator (SWIC))

Task	Code	Evaluator # and Initials	Date
23. Interact and coordinate with appropriate unit leaders and operations personnel. <ul style="list-style-type: none"> • Coordinate with operations regarding system coverage and needs. • Coordinate with first responders and public safety support organizations regarding needed support (e.g., medical unit for medical evacuation plan). • Coordinate with special units (air operations, EOD, SWAT, etc.) for special frequency needs. • Participate in planning meetings and briefings. Know what other resources may be coming to the incident, such as those from Urban Search and Rescue (USAR), National Interagency Fire Center (NIFC), FEMA, Coast Guard, etc.	I	#1 KAR	10/26/16
24. Identify for release any excess unit resources. Coordinate with unit managers and provide a list of excess personnel and facilities. List will include: <ul style="list-style-type: none"> • Who or what is excess. • Time and date of excess. The list will be reviewed daily for accuracy. Follow the established demobilization process, including notification to communications resource coordinators. 	I	#1 KAR	10/26/16
25. Maintain ICS Unit Log. Unit Log will be kept current, legible, and will document all major activities, which may include: <ul style="list-style-type: none"> • Equipment locations. • Medical evacuations. • Personnel changes. 	I	#2 JS	2/17/17
26. Evaluate performance of subordinates as required by agency policy and/or permitted by agreement. <ul style="list-style-type: none"> • Discuss performance evaluations with individual(s). • Maintain accuracy and fairness. • List training if needed or desired. 	I	#2 JS	2/17/17

Code: O = Can be completed in any situation (Simulation, Classroom, Daily Job)

Code: I = Must be performed on an Incident, Planned Event*, or an FE/FSE* (*Must be pre-approved by the Statewide Interoperability Coordinator (SWIC))

Competency 3: Demobilization

Task	Code	Evaluator# Initials	Date
27. Demobilization and check out. <ul style="list-style-type: none">• Submit all required information to the Documentation Unit Leader.• Receive demobilization instructions from work supervisor.• Brief subordinate staff on demobilization procedures and responsibilities.• Ensure that incident and agency demobilization procedures are followed.• Complete required ICS form(s) and turn in to the appropriate person.• Ensure that personnel in the unit are demobilized correctly.• Document lost equipment on agency specific forms.	I	#1 KAR	10/26/16

Code: O = Can be completed in any situation (Simulation, Classroom, Daily Job)

Code: I = Must be performed on an Incident, Planned Event*, or an FE/FSE* (*Must be pre-approved by the Statewide Interoperability Coordinator (SWIC))

This page intentionally left blank.

All-Hazard Communication Unit Leader**INSTRUCTIONS FOR COMPLETING THE RECORD OF EVALUATION**

There are four separate pages allowing evaluations to be made. These evaluations may be made on incidents, planned events, Full Scale Exercises (FSE), Functional Exercises (FE), simulation in classroom, or in daily duties, depending on what the position task book indicates. This should be sufficient for qualification in the position if the individual is adequately prepared. If additional evaluation opportunities are needed, a page can be copied from a blank task book and attached. (Remember to change the Evaluation Record # to the next sequential number.)

COMPLETE THESE ITEMS AT THE END OF THE EVALUATION PERIOD:

Trainee's name and Trainee's position: Self Explanatory

Evaluator's name, title and agency: List the name of the evaluator, and his/her incident position (on incidents) or office title, and agency.

Evaluator's agency address, e-mail address and phone: Self explanatory

Evaluation Record #: The number prepopulated in the upper left corner of the evaluation page identifies a particular experience or group of experiences. This number should be placed in the column labeled "Evaluation Record #" on the Qualification Record for each task performed satisfactorily during the evaluation opportunity.

Name and Location of Incident or Situation: Identify the name of the incident (if there is one) and the location where the tasks were performed. If evaluation occurs during a short term situation rather than a named incident, list the responding agency and area.

Incident Kind: Enter kind of incident, e.g., hurricane, wild land fire, search and rescue, flood, preplanned event, full scale exercise, etc.

COMPLETE THESE ITEMS AT THE END OF THE EVALUATION PERIOD:

Number and Kind of Resources: Enter how many resources of each kind assigned to the incident pertinent to the trainee's task book position. (e.g. 2 mobile communications vehicles)

Duration: Enter inclusive dates during which the trainee was evaluated. If evaluation occurs during a short term situation, enter date and start and end time of evaluation. (e.g. 11/1/14 to 11/4/14)

Management Level or Complexity Level: Indicates ICS organization level, i.e., Type 5, Type 4, Type 3, Type 2, Type 1, Area Command.

Recommendation: Check as appropriate and/or make comments regarding the future needs for development of this trainee.

Date: List the date the record is being completed.

Evaluator's initials: Evaluator initials here to authenticate their recommendations and to allow for comparison with initials in the Qualifications Record.

Evaluator's relevant rating: Evaluator lists their certification relevant to the trainee position they supervised.

This page intentionally left blank.

METRO REGION
800 MHz Trunked Regional Public Safety Radio System
Standards, Protocols, Procedures

Document Section:	3. Interoperability Guidelines	Radio TOC Recommendation
Sub-Section:	METRO 3.17.5	Date: 03/22/17
Procedure Title:	Criteria for Certification as an Incident Tactical Dispatcher (INTD)	
Date Established:		MESB Approval - Signature:
Replaces Document Dated:		
Date Revised:		

1. Purpose or Objective

The intent of this standard is to establish protocols and procedures to be used for certification and re-certification of Incident Tactical Dispatcher (INTD) in Minnesota.

2. Background:

During all-hazards emergency response operations, communications among multiple jurisdictions and disciplines, including emergency medical, fire, and law enforcement services, is essential. Unfortunately, the absence of on-scene communications coordination has often compromised critical operations. To close this capability gap, the Department of Homeland Security's (DHS) Office of Emergency Communications (OEC) in partnership with the Office for Interoperability and Compatibility (OIC), the Federal Emergency Management Agency (FEMA), National Integration Center (NIC), and practitioners from across the country developed performance and training standards for the all-hazards Incident Dispatcher as well as formulated a curriculum and comprehensive All-Hazards TRG-IDT course.

An INTD is a specially trained individual qualified to operate away from the dispatch center in a command post, EOC, base camp, incident scene or as mutual aid to another dispatch center. INTD's leverage the multi-tasking, communication, accountability and documentation skills of successful telecommunicators to provide public safety communications expertise and support at planned events, exercises and extended incidents. INTD's may support the communication unit as a single resource or as part of an incident dispatch team or full COMU.

As representatives of the Minnesota public safety community complete INTD, the federal government has left it up to each state as to determine how the INTD will be certified. This standard will lay out the certification process for Minnesota. An INTD will by default meet all criteria to be considered a RADO for the purpose of the Communications Unit (COMU). No further training will be required. However, to receive certification, the INTD must complete the RADO task book and follow State Standard 3.17.6 to be certified.

3. Recommended Procedure:

The following procedure shall be followed in order to be initially certified as an Incident Tactical Dispatcher and in order to be recertified:

Prerequisite Experience/Training:

- A public safety background with three years of experience in dispatch operations, or ICTAP RADO training and 1 year experience in dispatch operations.
- Completion of the ICTAP Communications Unit Awareness web-based course.
- Completion of IS-100.b, IS-144, IS-200.b, IS-700.a, and IS-800.b.
- ICS-300, Intermediate Incident Command System (ICS) for Expanding Incidents, is recommended.

Certification Process:

1. Attend and successfully complete a three-day DHS-OEC all-hazards INTD (TRG-IDT) training session taught by a DHS-OEC certified IDT instructor. Experienced Incident Dispatchers that can demonstrate successful completion of incident dispatcher (IDT) training from outside sources, shall be recognized and considered as having fulfilled this requirement.
2. Complete the INTD Task Book by demonstrating satisfactory performance of each of the tasks as witnessed by qualified evaluator(s) within three years of INTD training. It is acceptable to use an incident that occurred up to three years prior to the INTD training. (See attachment "A" Evaluation Form). Experienced Incident Dispatchers, previously trained before the formal DHS-OEC TRG-IDT was available can use tasks completed since recognized IDT training was completed.
3. Participate as an Incident Tactical Dispatcher in at least one NIMS Type III training drill, functional exercise, full scale exercise, incident or preplanned event. Provide a copy of one of the following: (1) Incident Action Plan; (2) Incident Communications Plan; or (3) After Action Report.
4. Obtain the "Final Evaluator's Verification" from one of the following: (1) A NIMS trained COML; (2) A Designated Agency Head; or (3) An Incident Commander. (See attachment "D" Verification / Certification of completed task book Form)
5. Obtain "Agency Certification" from the Designated Agency Head employing the candidate indicating that the candidate has met all qualifications for IDT certification. (See attachment "C" Agency Certification Form)
6. Submit the signed-off Task Book, NIMS course certificates (a printout from the Homeland Security Emergency Management (HSEM) training repository will suffice) and copies of relevant IAPs, ICPs, and AARs to your Regional Interoperability Coordinator (RIC). For the Metropolitan Emergency Services Board (MESB) Region, the documents will be submitted to the Regional Radio Services Coordinator and be brought before the MESB Radio Technical Operations Committee (RTOC) for approval.
7. The RIC or the Regional Radio Services Coordinator will review the qualification documents to make sure they meet the requirements set forth in this certification process. They will then go before the Regional Advisory Committee (RAC), Regional

Radio Board (RRB), Emergency Services Board (ESB) or the MESB RTOC, presenting the INTD candidate's credentials to request a resolution that the COMT candidate be recommended to the Statewide Interoperability Program Manager for final review and certification. (See attachment "B," check-off template.)

8. The Statewide Interoperability Program Manager will review the qualification documents, copy the Task Book and relevant documents for filing and sign off on the original Task Book and return it to the INTD. This will serve as State Certification of the INTD and will be good for three years. (Submitting these documents by mail is acceptable. If the documents are lost, a copy will be deemed the original and marked as such).

RECERTIFICATION

Submission of Attachment E, along with a dated ICS 205 or AAR will recertify the participant for three years from their previous certification date. If these items are not available, Attachment E, along with a letter signed by an active incident COML or the event or exercise planner indicating the candidate acted in the role of a INTD during an event will be sufficient for recertification.

Once the candidate has participated in an acceptable function and submits the necessary paperwork for recertification, their renewal month and date remains the same as their original certification date unless other arrangements have been made.

It is the candidate's responsibility to provide the appropriate paperwork to the Emergency Communication Networks' (ECN) Standards & Training Coordinator for recertification prior to their certification expiration date.

ECN's Standards & Training Coordinator may send out a reminder at least six months in advance notifying each candidate that they are coming up for recertification if no paperwork has been submitted for renewal within that three-year period.

4. Management

The Statewide Interoperability Program Manager will manage the INTD certification and recertification process in Minnesota.

1. All certifications will be recorded and kept on file by the Emergency Communication Networks' (ECN) Standards & Training Coordinator. A list of certified INTDs with their certification expiration date will be maintained on the Statewide Emergency Communications Board (SECB) website under the ARMER tab.

This form must be filled out by evaluators, when sign offs are done for INTD Task book

VERIFICATION / CERTIFICATION OF COMPLETED TASK BOOK FOR THE POSTION OF INTD (All Hazards)

Agency Certification

I certify that _____ has met all requirements for qualifications in this position and that such qualification has been issued.

Certifying Official's Signature _____ Date _____

Printed Name _____ Agency _____

Title _____ Phone Number _____

Pre Qualifications for INTD Training are but not limited to:

- A public safety communications background with exposure to field operations; this experience should be validated by the authority who supervised the student.
- Fundamental public safety communications technology, supervisory, and personnel management skills. These must be validated by the authority who supervised the student and include, but are not limited to:
 - Knowledge of local communications systems
 - Frequencies and spectrum
 - Technologies
 - Knowledge of local topography
 - Knowledge of system site locations
 - Knowledge of local, regional, and state communications plans
 - Knowledge of local and regional Tactical Interoperable Communications Plans, if available
 - Knowledge of local, regional and national communications and resource contacts
- Completion of the following training courses:
 - IS-700, IS-800b, ICS-100, ICS-200, and ICS-300, ICS-144

TO BE ATTACHED TO COMPLETED INTD (ALL HAZARDS) TASK BOOK

VERIFICATION / CERTIFICATION OF COMPLETED TASK BOOK FOR THE POSTION OF TYPE III INTD (All Hazards)

Final Evaluator's Verification

I verify that all tasks have been performed and are documented with appropriate initials.

I also verify that _____ has performed as a trainee and should therefore be considered for certification in this position.

Final Evaluators Signature _____ Date _____

Printed Name _____ Agency _____

METRO REGION
800 MHz Trunked Regional Public Safety Radio System
Standards, Protocols, Procedures

Document Section:	3. Interoperability Guidelines	Radio TOC Recommendation
Sub-Section:	METRO 3.17.6	Date: 03/22/17
Procedure Title:	Criteria for Certification as a Radio Operator (RADO)	
Date Established:		MESB Approval - Signature:
Replaces Document Dated:		
Date Revised:		

1. Purpose or Objective

The intent of this standard is to establish protocols and procedures to be used for certification and re-certification of the Radio Operator (RADO) in the Metro Region of Minnesota.

2. Background:

During all-hazards emergency response operations, communications among multiple jurisdictions and disciplines, including emergency medical, fire, and law enforcement services, is essential. Unfortunately, the absence of on-scene communications coordination has often compromised critical operations. To close this capability gap, the Department of Homeland Security's (DHS) Office of Emergency Communications (OEC) in partnership with the Office for Interoperability and Compatibility (OIC), the Federal Emergency Management Agency (FEMA), National Integration Center (NIC), and practitioners from across the country developed performance and training standards for the all-hazards Radio Operator (RADO) as well as formulated a curriculum and comprehensive All-Hazards TRG-RADO course.

The responsibilities of an All-Hazard RADO includes support staffing for the Incident Communications Center, monitoring radio traffic and base station operations for emergency operations centers, hospitals, dispatch centers and non-governmental organizations supporting civil emergency response at the state, local or regional level. The RADO position, in contrast to the Incident Tactical Dispatcher, is designed for emergency response professionals and support personnel in all disciplines who have a basic understanding of the all-hazard ICS communications unit. Experienced dispatch personnel should consider the more comprehensive RADO position.

As representatives of the Minnesota public safety community complete RADO, the federal government has left it up to each state as to determine how the RADO will be certified. This standard will lay out the certification process for Minnesota.

3. Recommended Procedure:

The following procedure shall be followed in order to be initially certified as a RADO, and in order to be recertified:

Prerequisite Experience/Training:

- Awareness of fundamental public safety communications technology
- Completion of the OEC Communications Unit Awareness web-based course
- Completion of IS-100.b, IS-200.b, IS-700.a, and IS-800.b

Certification Process:

1. Attend and successfully complete a two-day DHS-OEC all-hazards RADO (TRG-RADO) training session taught by a DHS-OEC certified RADO instructor. Personnel that can demonstrate successful completion of the DHS-OEC TRG-AUXCOMM course shall be considered as having fulfilled this requirement.
2. Complete the RADO Task Book by demonstrating satisfactory performance of each of the tasks as witnessed by qualified evaluator(s) within three years of RADO training. It is acceptable to use an incident that occurred up to three years prior to the RADO training. (See attachment "A" Evaluation Form).
3. Participate as a RADO in at least one NIMS Type III training drill, functional exercise, full scale exercise, incident or preplanned event. Provide a copy of one of the following: (1) Incident Action Plan; (2) Incident Communications Plan; or (3) After Action Report.
4. Obtain the "Final Evaluator's Verification" from one of the following: (1) A NIMS trained COML; (2) A Designated Agency Head; or (3) An Incident Commander. (See attachment "D" Verification / Certification of completed task book Form)
5. Obtain "Agency Certification" from the Designated Agency Head employing the candidate indicating that the candidate has met all qualifications for RADO certification. (See attachment "C" Agency Certification Form)
6. Submit the signed-off Task Book, NIMS course certificates (a printout from the Homeland Security Emergency Management (HSEM) training repository will suffice) and copies of relevant IAPs, ICPs, and AARs to your Regional Interoperability Coordinator (RIC). For the Metropolitan Emergency Services Board (MESB) Region, the documents will be submitted to the Regional Radio Services Coordinator and be brought before the MESB Radio Technical Operations Committee (RTOC) for approval.
7. The RIC or the Regional Radio Services Coordinator will review the qualification documents to make sure they meet the requirements set forth in this certification process. They will then go before the Regional Advisory Committee (RAC), Regional Radio Board (RRB), Emergency Services Board (ESB) or the MESB RTOC, presenting the RADO candidate's credentials to request a resolution that the COMT candidate be recommended to the Statewide Interoperability Program Manager for final review and certification. (See attachment "B," check-off template.)
8. The Statewide Interoperability Program Manager will review the qualification documents, copy the Task Book and relevant documents for filing and sign off on the original Task Book and return it to the RADO. This will serve as State Certification of the RADO and will be good for three years. (Submitting these documents by mail is acceptable. If the documents are lost, a copy will be deemed the original and marked as such).

RECERTIFICATION

Submission of Attachment E, along with a dated ICS 205 or AAR will recertify the participant for three years from their previous certification date. If these items are not available, Attachment E, along with a letter signed by an active incident COML or the event or exercise planner indicating the candidate acted in the role of a RADO during an event will be sufficient for recertification.

Once the candidate has participated in an acceptable function and submits the necessary paperwork for recertification, their renewal month and date remains the same as their original certification date unless other arrangements have been made.

It is the candidate's responsibility to provide the appropriate paperwork to the Emergency Communication Networks' (ECN) Standards & Training Coordinator for recertification prior to their certification expiration date.

ECN's Standards & Training Coordinator may send out a reminder at least six months in advance notifying each candidate that they are coming up for recertification if no paperwork has been submitted for renewal within that three-year period.

4. Management

The Statewide Interoperability Program Manager will manage the RADO certification and recertification process in Minnesota.

1. All certifications will be recorded and kept on file by the Emergency Communication Networks' (ECN) Standards & Training Coordinator. A list of certified RADO's with their certification expiration date will be maintained on the Statewide Emergency Communications Board (SECB) website under the ARMER tab.

This form must be filled out by evaluators, when sign offs are done for RADO Task book

METRO REGION
800 MHz Trunked Regional Public Safety Radio System
Standards, Protocols, Procedures

Document Section:	3. Interoperability Guidelines	Radio TOC Recommendation
Sub-Section:	METRO 3.17.7	Date: 03/22/17
Procedure Title:	Criteria for Certification as an Incident Communication Center Manager (INCM)	
Date Established:		MESB Approval - Signature:
Replaces Document Dated:		
Date Revised:		

1. Purpose or Objective

The intent of this standard is to establish protocols and procedures to be used for certification and re-certification of the Incident Communication Center Manager (INCM) in Minnesota.

2. Background:

During all-hazards emergency response operations, communications among multiple jurisdictions and disciplines, including emergency medical, fire, and law enforcement services, is essential. Unfortunately, the absence of on-scene communications coordination has often compromised critical operations. To close this capability gap, the Department of Homeland Security's (DHS) Office of Emergency Communications (OEC) in partnership with the Office for Interoperability and Compatibility (OIC), the Federal Emergency Management Agency (FEMA), National Integration Center (NIC), and practitioners from across the country developed performance and training standards for the all-hazards Incident Dispatcher as well as formulated a curriculum and comprehensive All-Hazards TRG-INCM course.

For some incidents, the COML establishes an Incident Communications Center staffed with Incident Tactical Dispatchers and/or Radio Operators to provide communications support for operations. However, as the incident expands, it may become important for an Incident Communications Center Manager (INCM) to be assigned for coordination purposes and to avoid span-of-control issues. The All-Hazard Incident Communications Center Manager is then responsible for managing all functions in the Incident Communications Center, reporting to the COML.

As representatives of the Minnesota public safety community complete INCM, the federal government has left it up to each state as to determine how the INCM will be certified. This standard will lay out the certification process for Minnesota.

3. Recommended Procedure:

The following procedure shall be followed in order to be initially certified as an Incident Tactical Dispatcher and in order to be recertified:

Prerequisite Experience/Training:

- State of Minnesota INCM Certification
- ICS-300, Intermediate Incident Command System (ICS) for Expanding Incidents, is recommended.

Certification Process:

1. Attend and successfully complete a three day DHS-OEC all-hazards INCM (TRG-INCM) training session taught by a DHS-OEC certified INCM instructor.
2. Complete the INCM Task Book by demonstrating satisfactory performance of each of the tasks as witnessed by qualified evaluator(s) within three years of INCM training. It is acceptable to use an incident that occurred up to three years prior to the INCM training. (See attachment "A" Evaluation Form). Experienced Incident Dispatchers, previously trained before the formal DHS-OEC TRG-INCM was available can use tasks completed since recognized IDT training was completed.
3. Participate as an INCM in at least one NIMS Type III training drill, functional exercise, full scale exercise, incident or preplanned event. Provide a copy of one of the following: (1) Incident Action Plan; (2) Incident Communications Plan; or (3) After Action Report.
4. Obtain the "Final Evaluator's Verification" from one of the following: (1) A NIMS trained COML; (2) A Designated Agency Head; or (3) An Incident Commander. (See attachment "D" Verification / Certification of completed task book Form)
5. Obtain "Agency Certification" from the Designated Agency Head employing the candidate indicating that the candidate has met all qualifications for IDT certification. (See attachment "C" Agency Certification Form)
6. Submit the signed-off Task Book, NIMS course certificates (a printout from the Homeland Security Emergency Management (HSEM) training repository will suffice) and copies of relevant IAPs, ICPs, and AARs to your Regional Interoperability Coordinator (RIC). For the Metropolitan Emergency Services Board (MESB) Region, the documents will be submitted to the Regional Radio Services Coordinator and be brought before the MESB Radio Technical Operations Committee (RTOC) for approval.
7. The RIC or the Regional Radio Services Coordinator will review the qualification documents to make sure they meet the requirements set forth in this certification process. They will then go before the Regional Advisory Committee (RAC), Regional Radio Board (RRB), Emergency Services Board (ESB) or the MESB RTOC, presenting the INCM candidate's credentials to request a resolution that the COMT candidate be recommended to the Statewide Interoperability Program Manager for final review and certification. (See attachment "B," check-off template.)
8. The Statewide Interoperability Program Manager will review the qualification documents, copy the Task Book and relevant documents for filing and sign off on the original Task Book and return it to the INCM. This will serve as State Certification of the INCM and will be good for three years. (Submitting these documents by mail is acceptable. If the documents are lost, a copy will be deemed the original and marked as such).

RECERTIFICATION

Submission of Attachment E, along with a dated ICS 205 or AAR will recertify the participant for three years from their previous certification date. If these items are not available, Attachment E, along with a letter signed by an active incident COML or the event or exercise planner indicating the candidate acted in the role of a INCM during an event will be sufficient for recertification.

Once the candidate has participated in an acceptable function and submits the necessary paperwork for recertification, their renewal month and date remains the same as their original certification date unless other arrangements have been made.

It is the candidate's responsibility to provide the appropriate paperwork to the Emergency Communication Networks' (ECN) Standards & Training Coordinator for recertification prior to their certification expiration date.

ECN's Standards & Training Coordinator may send out a reminder at least six months in advance notifying each candidate that they are coming up for recertification if no paperwork has been submitted for renewal within that three-year period.

4. Management

The Statewide Interoperability Program Manager will manage the INCM certification and recertification process in Minnesota.

1. All certifications will be recorded and kept on file by the Emergency Communication Networks' (ECN) Standards & Training Coordinator. Metropolitan Emergency Services Board - ARMER System
AUTHORIZATION TO USE TALK GROUPS
NOT OWNED BY THE REQUESTING AGENCY

Date: March 15, 2017

Requesting Agency: United States Federal Reserve Law Enforcement Division

Authorizing Agency: Metropolitan Emergency Services Board Radio Technical Operations Committee

Reason for Request

☐ Add Talk Group(s) to Radios

☐ Scan Talk Group(s)

☒ Other Grant permission for ME TAC Talk Groups in our radios.

I. Request permission to ADD the following talk groups

Talk Group	To Be Installed in: (i.e., Portable, Mobile, Command Post)	For the following Work Units:
ME TAC 1-10	2 Mobiles, 10 Portables	Federal Reserve Law Enforcement services.
METCOM	1 Base Station	Law Enforcement Communications Center

II. Request permission to SCAN/ MONITOR the following talk groups

Talk Group	To Be Installed in: (i.e., Portable, Mobile, Command Post)	To be monitored by the following positions:	Request for Receive Only

III. Other Request/ Requirements (Explain)

IVI. Reason for Request

(Attach supporting documentation)
